Vehicle owners will be able to pay their TRNC road tax fees online

Vehicle owners will be able to pay their road tax fees online starting from 12pm today (Monday, 6th January 2020). Vehicle owners will be able to reach the online service by clicking on “ARAÇ KAYIT HARÇ ÖDEMELERİ” below the News article bar (on the Turkish page) on the main page of the Ministry of Public Works and Transportation website : <http://bub.gov.ct.tr/>

Vehicle owners will need to enter licence plate number, ID number, company number or passport number and the date the vehicle registration was issued.

Once the verification code (Doğrulama Kodu) is entered, vehicle owners will enter the page where they will be able to pay their road tax, MOT fee and permit fee to take the vehicle abroad. Payments will be accepted between 12 am midnight and 10pm seven days a week.

After entering the “License Number” / “Identity Number” / “Company Number” / “Passport Number” and “License Registration Date” information, it will be possible to see from the options if there are any unpaid fees and/or MOT fees in the top menu.

In order to pay the current debt, click the “Make Payment” button at the top left of the page and enter the credit card information correctly. After the vehicle owner approves the transaction, payment will be made. In respect of the document showing the payment which has been saved to the system, the user will be able to download the document in PDF format and save it to his device and print it out from a printer.

It is a legal obligation for owners to keep the record of the documents for which fees are paid in their vehicles.

In order to provide effective service, there will be a transition period of 3 to 4 weeks in order to correct any technical problems arising.

Those who face problems while using the system can call the

“1300” hotline during working hours or send an e-mail 24/7 to info@bub.gov.ct.tr giving details of the problem.

By Chris Elliott ...

We are pleased to welcome Kate Cornwell to our team as a writer and contributor to the CyprusScene website and online weekly e-newspaper.

In this past week Kate wrote about a family visit to the historical town of Famagusta and also the Secret Santa event at Karsiyaka to provide needy children with Christmas presents.

She has lived in Northern Cyprus since 2005 but was here before in 1972-74 finishing her A levels at the English School in Nicosia and as a family they were here during the 74 war and were evacuated by UK Royal Navy from Kyrenia and

then a Hercules aircraft home to the UK – That she will never forget!!

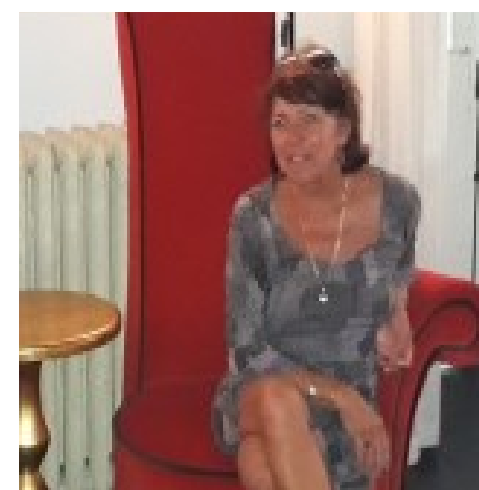

Her past working experience has mainly been in Computer sales and marketing with large corporations and she travelled considerably during that time.

She enjoys walking, (had horses in the UK and would spend many an hour with her dogs and horses out in all weathers in the Wiltshire countryside) loves theatre, music and entertaining and she is blessed with some wonderful friends – so life is pretty good for her!

In conclusion, she wrote a very touching tribute in the past few days about her friend Lynda Harris

who passed away in Wales on 19th December 2019 and no doubt she will be writing more news and reviews of her friends and others in our communities very soon .

How can we protect from Influenza in the TRNC?

In these days when seasonal flu is common, we would like to remind our people about some points related to influenza.

Influenza is an infectious disease caused by a virus, which starts suddenly with symptoms such as fever, severe muscle, and joint pain, weakness, fatigue, chills, headache and dry cough.

Especially in children, the elderly and people with chronic conditions such as heart disease, lung disease, kidney disease, diabetes, it is much more severe and can have serious consequences that can lead to death. If any of the symptoms such as general body pain, sore throat, headache, runny nose, cough, breathing difficulty and fever are apparent, the person is considered to be a possible flu case (fever may not accompany these symptoms in children under the age of two and the elderly over 65).

HOW IS THE FLU VIRUS TRANSMITTED?

The influenza virus, which causes flu, is transmitted very easily and quickly. The main routes of transmission are airborne contamination of droplets scattered around by coughing and sneezing, direct contact with sick persons, and contamination with articles that have come into contact with sick-to-nasal discharge.

FLU PROTECTION

The main way to avoid flu is to prevent body resistance from falling. For this reason, suitable clothing should be worn according to seasonal characteristics, and plenty of juicy foods, fresh fruits and vegetables should be

consumed. Close contact with patients and the use of common items should be avoided.

Some people find it necessary to have the flu vaccine every year during the flu season. Flu is a vital risk and should be dealt with in medical terms:

Older than 65 years,
People with diabetes.
Asthma patients - Chronic lung patients (Bronchitis etc),
Chronic cardiovascular system patients (coronary artery patients),
Immune suppressed people (those with chronic blood disease-haemoglobinopathy, cancer disease, immune suppressive users),
People living in nursing homes, etc.

Some people should not have the flu vaccine. These are:

- 1- Babies under 6 months.
- 2- Anaphylactic allergy to eggs (allergic shock when eating eggs)

Women who are in the first 3 months of pregnancy (but can be vaccinated against flu if the doctor finds it absolutely necessary).

The influenza vaccine is developed with the coordination of the World Health Organization as a result of the identification of the virus types that caused the epidemic a year ago and the type of the vaccine changes every year depending on this application.

The flu vaccine reaches a protective level in the body within 1-2 weeks. If the type of virus contained in the vaccine is similar to the type of virus that causes outbreaks, it is about 70% effective in healthy adults.

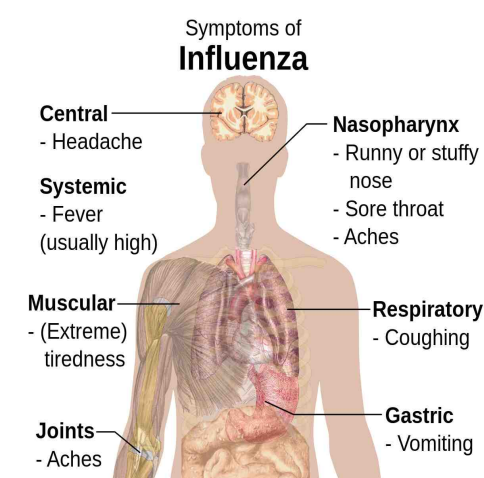

TREATMENT OF FLU DISEASE

Any of the symptoms described above, such as common body pain, sore throat, headache, nasal discharge, cough, respiratory distress, and fever can be overcome by general measures such as appropriate clothing, adequate nutrition and resting, as a possible influenza case. However, patients in the risk group should consult the hospitals within the first 48 hours and receive appropriate treatment if necessary.

Cases at risk for influenza include:

- People over 65
- Children under 2 years
- pregnant women
- Nursing home nursing homes
- People with chronic renal failure
- Asthma, chronic lung disease
- Cardiovascular system disease
- Immune system suppressed ones
- People with blood disease
- People with diabetes
- People with neurological diseases
- Metabolic disease
- People with chronic liver disease
- People who are overweight
- Health workers
- 6 months to 10 years of age who use aspirin for a long period of time

The Soulist Coffee & Music House 3rd Anniversary - 18th January

By Roland Eyerich ...

After 3 years, success continues at The Soulist Coffee and Music House in "Back to the Roots" of good Venues for Live Music.

On Saturday the 18th of January - The Soulist is celebrating its 3rd Anniversary. Meanwhile, not just an insider tip for good live music, The Soulist has found its place in the hearts of Cyprus music lovers and it's a compliment that English guests who visit "The Soulist" repeatedly address the time of the Soho Hot Spots in London during the 1960s, but The Soulist is different – it is unique in North Cyprus.

The Soulist: During the day you can enjoy delicious coffee of different kinds, as well as homemade savoury and sweet pastries. This enjoyment is rounded off by good music and night time (monthly 3 times a week) live events. The most important point, of course, is the musician's heart of Alper Cengiz running the place. It's something special you feel when you come, you feel the soul of the musician at The Soulist. His motivation is to get people excited about music. With "The Soulist", an international meeting place was founded, focusing on the music and inviting people and musicians to enjoy music without borders.

The Soulist has a wide social appeal and is a favourite haunt for musicians for the development of the music scene here in Cyprus (especially North Cyprus).

The Soulist has the chance to become the key venue for live performances in North Cyprus, like the clubs in London of the past. They were small and relatively cheap clubs offering live music

too. The Soulist is the home of Jazz, Gypsy Jazz, Classic, Blues, Rock, Rockabilly Soul and Reggae..."Small Music Hall of Alsancak".

The social and cultural aspect is always the focus offered. That is why this place is a special place and so unique. But there is hard work behind everything. The Soulist Team in the background is so important. Without the team around Adeleh Mozafari it's impossible to realise the special character of the place. And the **Soulist needs You.**

What happened last year?

The Soulist has now become an integral part of Cyprus' jazz music scene alongside Sarah's Jazz Club in Nicosia. Every Wednesday a jazz evening and a monthly Breakfast with Jazz (matinee). There is a Classical Concert on the last Sunday of the month (with the exception of the summer months).

For the second time, the "Friends Across Borders (FAB)" festival was organised, which has found a firm place in the festival schedule of Cyprus with its character.

Furthermore, the unique cultural Soulist Christmas Market, for the second time this year, which has also established itself.

The cooperation with RockCyprus from Nicosia – a new platform (Website), which was created during "Friends Across Borders (FAB)" - from Nicosia / Limassol, is a special recognition. A new platform combining all there is about Rock Music in Cyprus in one location. The Soulist is now on the RockCyprus website. Another way to get information outside of social media pages.

The links to RockCyprus are shown below, and at last, we are creating on YouTube "Soulist TV". To visit Soulist TV on Youtube, see link below.

"SOULIST TV" will be presenting all high class musicians starting in 2020 at The Soulist - Coffee & Music House

How to find The Soulist

If you drive along the coastal road west from Girne you arrive in Alsancak, and will see the Coffee and Music House "The Soulist" (Karaoglanoglu Caddesi no 10) opposite Lemar and the Golden Lady. This Coffee and Music House is unique in the area.

Secretary of State for UK FCA, Raab, warns Greek Cypriot side

Secretary of State for Foreign and Commonwealth Affairs, Dominic Raab, spoke to the BBC regarding the incident in the case of a judgement which ruled the 19-year-old British teenager convicted of lying about being gang-raped by a group of Israeli males in Ayia Napa and made a call to the Greek Cypriot authorities to “do the right thing” about the case of the British citizen woman.

Stating that he expressed his concerns to the Greek Cypriot

Foreign Minister Nikos Christodoulides about the woman, Raab stated that the first priority was to see the teenager released

and returned to the UK to start her recovery as soon as possible.

Raab also drew attention to the fact

that the case has caused reactions in Britain and the other countries as well, and calls for a boycott have been made.

Upon a question whether the Foreign and Commonwealth Office will warn the British tourists about travelling to the Greek Cypriot side or not, Dominic Raab said that travel warning advice has always been evaluated.

Özersay sends condolence message to Australian Foreign Minister

Deputy Prime Minister and Minister of Foreign Affairs Kudret Özersay sent a condolence message to the Australian Foreign Minister on behalf of the TRNC Government about the violent bushfires that have been going on in Australia since September 2019 and have caused huge losses in the country.

Expressing his deep sorrow about the fire disaster that has affected many parts of Australia, and caused loss of life and destroyed wildlife and the natural environment, Özersay conveyed his condolences to the Australian Government and the people and wished Australia to recover from this disaster as soon as possible.

No point in starting negotiations for the sake of negotiations

Turkish Foreign Minister Mevlüt Çavuşoğlu organised a news conference evaluating Ankara's foreign policy in 2019 and pointed out that there is no point in starting negotiations for the sake of negotiations.

Minister Çavuşoğlu said that the reason why a solution was not reached in Cyprus was because the Greek Cypriot side did not want to share anything with the Turkish Cypriots.

Çavuşoğlu said: ‘We are not insisting on any solution model for

the period ahead. However we are also opposed to the idea of imposing any solution models. What is more important than the solution model is reaching an agreement on the terms of reference which need to include elements of political equality such as a rotating presidency and a positive vote for Turkish Cypriots.

We have informed the UN and other actors that otherwise there is no point in starting negotiations for the sake of negotiations’.

Developments have significantly increased the importance of Cyprus

Deputy Prime Minister and Minister of Foreign Affairs Kudret Özersay stressed that the developments in both the natural resources and defence and security issues in the Eastern Mediterranean and the Middle East have significantly increased the importance of Cyprus and thus the TRNC.

In his written statement Özersay stated that although the latest developments brought threats that would negatively affect the peace and stability of the region in some respects, they also brought some opportunities and he also added that regional cooperation approaches that cover all the actors in the region and leave no one out will help to ensure stability and peace in the Eastern Mediterranean.

Stating that there are 'recognition and non-recognition' problems in the region as well as in Cyprus,

but it is obvious that nothing can be achieved by denying the existence of the states which are not recognized by other states in the region, Özersay said that the only solution for the conflicting parties is to be open to co-operation without attempting to impose their political and legal positions on the other parties.

“This approach will help the development of interdependence in this region and therefore nobody will dare to destabilize it” Özersay said.

He also stated that the right and strategic steps for regional peace and stability should be taken in a timely manner and added:

“We are decided to actualise coordinated steps with our ally and strategic partner guarantor Turkey. In recent times, we have been following the tension which has developed in the region, armament initiatives and military activities as

well. We will not refrain from taking the necessary steps for protecting the rights and interests of the Turkish Cypriot people. We will do it with not a conflicting approach but with balanced steps that will force a regional cooperation.”

Expressing that the approach that the Turkish Cypriot people can only be an actor in the international arena in case of a comprehensive solution has started to change by the latest

developments, Özersay said “The Turkish Cypriot people and the TRNC government have started to be an actor of which views and steps have been followed closely before reaching a solution in this region. Moreover, in this context, unofficial contacts regarding the natural resources and defence-security issues in the region have increased. It is in our hands to use this opportunity for the stability in the Eastern Mediterranean. We are working for this purpose”.

Turkish Foreign Ministry press release - Cairo meeting on Libya

The Turkish Foreign Ministry issued a press release and stated that the meeting in Cairo on 8 January 2020 with the participation of the Foreign Ministers of Greece, France, Greek Cypriot Administration, Egypt and Italy against a recent maritime delimitation deal between Turkey and Libya were based entirely on factitious arguments and false premises and added that Turkey was ready to cooperate with all countries in the region except the Greek Cypriot Administration.

In the press release the Turkish Foreign Ministry stated:

‘The two memoranda of

understanding that we signed with the legitimate and the internationally recognized government of Libya are legitimate and fully compatible with international law.

These memoranda of understanding constitute a response to those aiming to disregard the presence of Turkey and Turkish Cypriots in the Eastern Mediterranean. The press statement dated 8 January, indeed reveals once again that the steps taken by Turkey in the Eastern Mediterranean are rightful and appropriate.

Turkey, with the longest coastline in the Mediterranean has the right

to speak on any project concerning the region. In order to transform the Eastern Mediterranean into an area of cooperation rather than of

conflict, we would like to take this opportunity to express yet again our readiness for cooperation with all parties, with the exception of Greek Cypriot Administration’.

Traffic and the cause of Road Accidents

By Ahmet Abdulaziz.....

For many years, the front or the second page of the local newspaper is filled with one or more news about traffic and traffic accidents. In a passage of time, we have now become used to such news. We daily look at the heading, the photos of the damaged cars, and the dead and/or injured bodies of people. This is what we go through every day.

Of course, there are a number of reasons which lead to traffic accidents, but I sum all these up in one single word, which is CARELESSNESS.

The word carelessness spans all possible reasons that can come into mind. Unfortunately, carelessness on roads leads to unjust loss of either life or the vehicle or injury of another innocent person.

Though carelessness on the part of two drivers also leads to accidents, they are relatively less in number. Usually it is the carelessness on the part of one driver, which leads to loss of another driver or passenger. In most cases people lose their lives or get injured in traffic accidents without any mistake of their own.

Just imagine a person is crossing the road when the red light is showing and the traffic has

stopped. Yet all of a sudden one vehicle comes from nowhere and hits the pedestrian. Or someone has parked the car on the side of the road and all of a sudden another one runs into it. There may be innumerable instances leading to irreparable loss to innocent people, simply because of carelessness.

According to me there are two important instances of carelessness on the part of drivers, which has recently been quoted as reasons for traffic accidents.

One of these reasons is driving while under the influence of drink. The police frequently stop drivers, to see if they have been drinking or not, but of course they can never check each and every driver. So it has now been left to the personal decision of the driver, to drive or not when drunk.

Unfortunately mostly those who have been drinking consider themselves capable enough to

drive the vehicle. However, this overconfidence mostly leads to the loss of life of other innocent people.

I feel that if the car manufacturers invent some system that would automatically check the level of drunkenness of the driver, the problem could be solved. For example, some systems that could check the level of alcohol inside the body of the driver, through touch of his hands on the steering wheel, could automatically rule out the chance of drunk driving.

Or maybe some system inside the vehicle that could automatically switch off if the driver is drunk, by measuring the level of alcohol inside the body through automatic control of the breathing of the driver.

Or there maybe another system that would relate to the working of the vehicle directly to the level of alcohol inside the blood of the driver, which would solve the problem.

Another common reason for most of the traffic accidents now is the use of mobile phones while driving. We all experience the same every day. Most of the drivers have developed the talent of using mobile phones while driving. A large number of them

are not just listening and talking on the mobile while driving, but also write the messages while driving.

I believe in such a system where the usage of a mobile phone by the driver of the vehicle is made directly related to the ignition of the vehicle. This means that the car manufacturers must come up with a system where the vehicle automatically stops if the driver gets the mobile phone in his/her hand. There may be some sensors that should automatically stop the vehicle if the mobile phone enters within a specific range around the driver's seat.

"You may say I am a dreamer", but I believe that sometimes dreaming is good. However, simply dreaming is not always good. We must work for getting the dreams materialised. Maybe someone will get a clue by reading my dreams and think of taking some positive steps towards controlling the menace of careless drivers.

KAR PetTravel.....

Entering a busy period.....
new boxes delivered today....

URGENT!

We have a desperate need for any 'softies' you may have.

The bad weather leads to a shortage and we currently have cats in quarantine with a bad gastro virus, which means we need clean bedding on a twice daily basis. We are trying to wash as much as we can, but the weather hampers the drying process!

Please, drop anything you have at either Veni Vici on the West and the Karakum Office on the East Side.

You can drop directly to the Centre as well.

It's a very special day today at KAR. **Elaine our Centre Manager has a birthday!** Please, along with us all at KAR, wish Elaine a very happy birthday.

Someone who has dedicated her life to every single dog and cat at the Centre, she knows each one by name (it's true, don't test her)! Her dedication is inspirational to everyone who works with her. Elaine, we ALL thank you, We know you are working today, but have a lovely birthday and big kisses from all your fur babies, past and present x

January is for Jupiter

This month's sponsor dog is Jupiter. Jupiter came to K.A.R. in May 2012. He was found with 2 siblings, he nearly received his happy ever after a few years ago, but was returned as it was decided he was too big!

Jupiter has a lovely nature and would make a great companion for someone. He needs a forever home but if you can't give him a home then maybe you can sponsor him?

Sponsorship is £10 per month and easy to set up. Just drop us an email at kartrnc@gmail.com and we will do the rest.

KAR - News Update

So as Winter arrives for 2020, it is a Season we always dread with weather damage and the threat to life.

Yesterday (6th January) during the high winds and terrible storms our worst nightmare was realised. Late yesterday afternoon, a large branch fell from the overhanging tree, bringing an electric cable with it, onto the roof of the cattery. The branch immediately began 'sparking' as the electric current passed through it.

Emergency procedures were put into operation, with the relevant Services being called. Kibtek, The Forestry Department, The Fire Brigade... But as we waited, the danger began to escalate.

Four members of staff stayed behind to wait for the emergency services, but then had to start evacuating the cats as the fear of fire became a reality.

Ian Jones, decided he needed to be on the roof of the cattery to try and protect the building and the possibility of the potential fire spreading.

No emergency services arrived.

Ian Jones spent 4 hours on the roof the cattery. David, Jasmine and Antony – moved all the cats to safety and then helped to protect the cattery.

Yulihan – repeatedly called all the Emergency Services, moved all the vehicles to provide light to the Cattery Area.

These 5 members of staff, prevented a potential tragedy at the Centre and words of thanks are not enough, but it is all we have.

Their dedication to the animals at the centre was phenomenal, with risk to their own safety, they battled to save the Cattery and potential spread of a devastating fire.

After 4 hours Kibtek remotely turned off the electric, which allowed, Ian, David and Antony to removed the entangled cable and cut back the branch.

We use the Term 'KAR Heroes' a lot, but this is SuperHero Status for these 5 members of the KAR Family.

A heartwarming story for you this week..... Do you remember Nelson, he was surrendered to us late summer last year, with a horrific eye injury.

Yesterday, following fostering with a specialised carer, Nelson went to his furever home. His eye has shrunk into the socket and may only need stitching and not a major operation.

He is an energetic little boy, who has lived in isolation for so long and just wanted to play and be normal.... he now has that, and we wish Nelson and his new family all the very best for a happy future!

A PLEA!!!!

A number of our centre cats are recovering from a nasty gastro virus and as such have been on a restrictive diet of boiled chicken. To introduce them back onto a biscuit diet, we have been advised by the Vet to place them on this brand of biscuit to aid recovery. It is available from PetLine (Catalkoy) and is 75TL for a 2kg bag.

Please, please, please help us get the cats back to full health. 2 bags will last us 2 days, so we need help with this!

You can purchase us a bag from PetLine or donate via the website (link shown below). Please mark your donation 'centre cats'.

Thank you, we need your help!!!!

Tulips Chilly Dippers dipped once again ... Brrr

Readers Mail ...
From Sue Tilt – Tulips ...

At 7.30am it was beginning to look unlikely that the Tulips Chilly Dippers would be able to ‘dip’ into the Mediterranean on 31st December 2019 as the thunder was still roaring overhead however as 11am approached the weather eased in time for 13 brave ‘dippers’ to complete their annual challenge!

This year turned out to be the most challenging to date as the waves pounded the beach making it increasingly difficult for all the Dippers to keep upright, in fact one or two did get knocked over. A couple of our regular Dippers did say that although the sea was rough it was not as cold as it had been in the past.... we will just have to take their word for this!

Along with Jackie Pennington, our organiser for this event, 5 ladies from the Incirli Aqua Aerobics group looked great all with festive headgear; Sue Tong, Sharon Goodger, Patsy Williams, Linda Hughes and Victoria Scurfield. Linda Tabi, who is becoming a regular Dipper was in her Christmas dress. Roger Miles and Sue Petty swam 1km to the Cabin together from the Manolya Hotel to join the Tulips Chilly Dippers and after they had their warm soup they set off back again! Jane Boreham, a cancer survivor, with her 3 generation family; Mike (husband) Heidi Temple (daughter), Gareth Temple (son in law) and Millie Temple (granddaughter) made up the Tulips Chilly Dippers for 2019.

Phil Chappell was unable to attend due to being on a cruise however he still swam on New Year’s Eve

and provided a letter from the Captain of the cruise liner to verify his challenge was completed, shown here.

Thank you to all the spectators, the turnout was amazing and with so much support the swimmers could not wait to get into the sea.

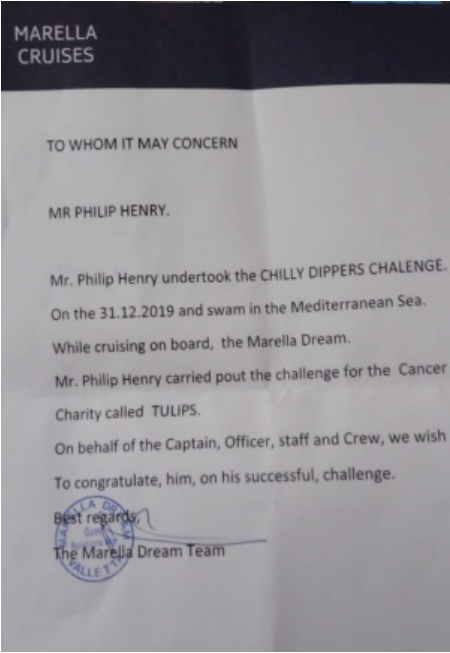

We would like to thank Elif of The Cabin for providing a beautiful French Onion soup and fresh bread free of charge and for allowing Tulips to use her venue for the morning.

We hope to be able to announce the amount raised at the end of January, this is dependent on everyone collecting their sponsorship monies.

Our sincere condolences to Kay Thomas, one of our regular Tulips Chilly Dippers, who sadly was unable to attend this challenge due to the funeral of her beloved sister.

ATA Tree Planting event on 11th January 2020 is Postponed

Last week we published news of the ATA "Planting a Forest" project but unfortunately we have just received news that the Anglo Turkish Association Tree Planting event has been postponed due to reasons beyond their control and as shown under.

To alert as many people as possible this news has also been published earlier in the week on the CyprusScene website and shared in social media pages

www.angloturkishassociation.com

Postponement of our **TREE Planting –start a forest** Event due to take place on 11/01/2020

We have tonight (06/01/2020) been informed by the Forestry Department that due to the amount of heavy rain fall over the last few days and the weather forecast up to and including this coming weekend, that they are **POSTPONING** our **Tree Planting – start a forest Event** due to take place this Saturday 11TH January until a later date.

As soon as they advise us of our revised date we will inform you.

We are sorry if this has caused you any inconvenience and can assure you that we too are as disappointed as you in the postponement of what would have been an immensely popular and self rewarding event.

To all of you who were coming with the intention of planting a tree in memory of a beloved one we apologise knowing what it would have meant for you. Please be assured as an Association we feel exactly the same, but can understand the Forestry Departments reasons for their decision (not only do they have to take into consideration the effect of that the adverse weather would have on any trees to be planted but also the Health & Safety of everyone attending).

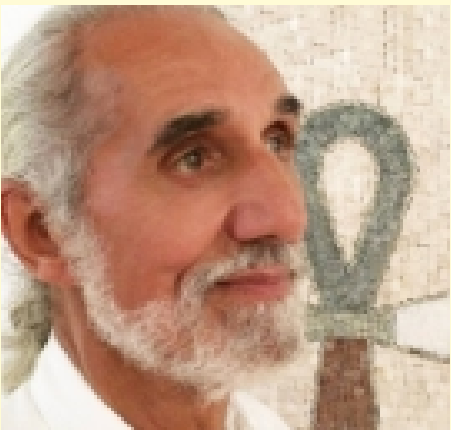

Please keep an eye open for future notifications from our Association in respect to a future date for this event which we will look forward to seeing you at!

We thank all those of you who had decided to join our members at this event and look forward perhaps to seeing you at one of our many other exciting and interesting events that we have planned during this coming year; details of which can be found on our website: - www.angloturkishassociation.com

Further information on our future Events and the Anglo Turkish Association – Kuzey Kıbrıs Türk Derneği can be found on our website -- www.angloturkishassociation.com

Poets Corner

THE REFLECTIONS ON LIFE
By Nick Vye - Sanctuary

Let us all kneel and pray today,
What's been given us isn't taken away,
We take it all for granted,
Never look at it slightly slanted,

We only have one point of view,
Don't ever think there might be a clue,
Just accept it without a thought,
In a trap we made and got caught,

The life force we have is a gift,
Not something that arrives in a lift,
Stop and be still and then realise,
Your God's gift and not a won prize,

Be eternally grateful for what you have,
Thankfully happy and so glad,
Take some time and sit and reflect,
That your spirit and soul comes direct,

Don't ever think, your life is a curse,
When we are all part of the same universe,
So next time you look up into the sky,
To recall it and then wonder why,

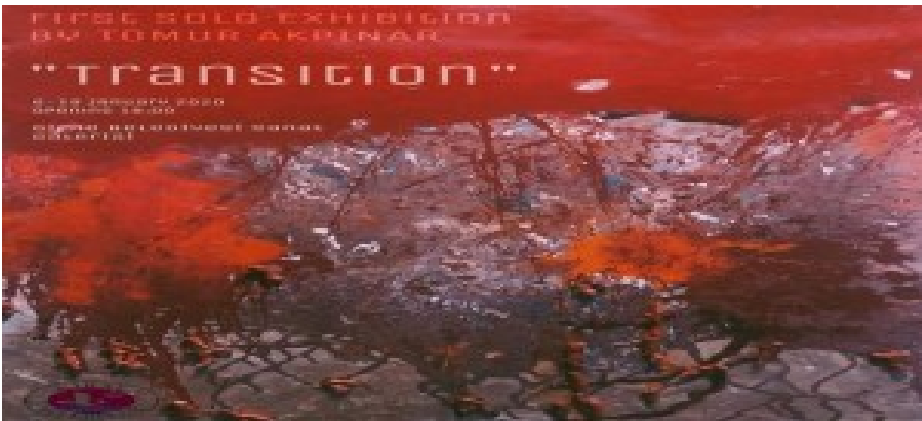

The miracle you've been given is life,
These are your words, that I now write.....

Christmastide at St. Andrew's Church, Kyrenia

Readers mail.

St Andrews Church, Kyrenia

As always, Christmas 2019 was a busy time in St. Andrew's Church as once more we celebrated the birth of our Saviour in Bethlehem over 2000 years ago.

We began the season with a new idea: instead of the traditional Christmas Fair a stall was rented at the ever-popular Lambousa Saturday market for two weeks (30th November and 7th December) where several volunteers sold preserves, home baking, handcrafts and tickets for a delicious Christmas Hamper (which was won by our own Sally Birt). In addition, Gloria and Bryan Tattersall ran a tombola game where many excellent value prizes were won by those lucky enough to purchase the right tickets! A grand total of **5,320TL** was raised, and sincere thanks are extended to all who supported us.

On Saturday 14th December St. Andrew's welcomed members of the Nordic Community and friends to a traditional service conducted by Fr. Ingvar Hindenes from the Scandinavian church in Ayia Napa with music led by Jorun Sandvik. Those non-Nordic friends even managed to join in some of the (for them) better known carols.

Following the service Birgitta welcomed members of the congregation to her house for a delicious lunch.

On the same day the British Residents Society (BRS) held their annual Christmas get-together in the Hall. So popular was the event this year that the kitchen staff ran out of mince pies and sausage rolls. Thankfully the mulled wine held up!

On Thursday 19th and Saturday 21st December passers-by were entertained by carol singing in Café George. As well as a good

turn-out of singers from St. Andrew's we were joined by several of George's clientele who had stopped for refreshments and got more than they bargained for! Fr. Edward Jervis celebrated and preached at the Midnight Mass, the First Communion of Christmas, on Christmas Eve to a large congregation, including many visitors who had joined us especially for the service.

On Christmas Day itself a wonderful Festal Eucharist took place where a full church was entertained and fascinated by the Acting Chaplain, the Revd Mike

Graham, feeding brave members of the congregation from a tin of dog food! So convincing was this that at least one member of the congregation had to leave after feeling somewhat bilious! But everyone survived, including young Melissa who bravely volunteered to come forward to try the intriguing concoction. You had to be there to believe it!

The following Sunday, 29th December, marked the end of the Revd Mike's acting chaplaincy as he and Janet return to Ireland to try to once again begin their retired life together following the traumatic events of the past 20 months or so here in St. Andrew's. But it was also a day of great joy as we welcomed the newest member of the congregation, Kendricks Chiedoziem Idoko into the Church.

We wish Kendricks every blessing as he begins his new life in Christ. The choir, under the Director of Music Earl Moffitt and supplemented by members of the Kyrenia Chamber Choir, led us in a magnificent choral setting which featured solos by Isioma Aguleba (known to us all as Izzy), Alan Carling, Susan Carling and Iris Langford.

Following the service, a presentation of paintings by local artist Maxene Shailer was made to the Revd Mike and a delicious lunch served to those present.

Hope 4 Pets - News Update

Post by Emma Eminsoy 2nd January for Suzan Fehmi.

Piper is still in need of her forever home can you give her that chance she is fully vaccinated spayed and is ready to travel.

This is the little girl posted on Facebook that had been in a traffic accident and was left dragging herself around outdoors. She was posted on Altin Patiler - Yeliz Osman Cin, Deniz Osman Cin where they appealed for help to get assistance for the dog. Sadly, as is often the case despite lots of commenting the real hands on help came too late really.

You can see from the x-rays the terrible break in her spine. Tragically she will never be running around or walking like she did before the accident but her condition now could benefit from surgery to repair the break and also help with future problems that could occur as a direct result of the break if left untreated.

I went to visit her when she was in Girne and she was constantly on my mind when I left, needless to say I couldn't leave her there when no one else came forward.

She is a happy little girl most importantly who could actually still enjoy life in spite of her terrible circumstances, she loves company and a cuddle, letting you know she wants more if you stop! In actual fact she is quite mischievous, I picked her up for an hour yesterday just for a change of scenery, put her on a duvet on the back seat. I popped back inside and when I came out she was sat looking really pleased with herself in the driver's seat.

It's a big ask I know but we need to raise the funds for her operation which is scheduled for Monday. I have picked her up today and she will stay with me.

Please if you can spare anything towards a donation I would really appreciate it.

The operation costs 2500TL and any donations can be paid directly to VetPetite, Basak Eminaga, Özkay Nasiboğlu or via Hope4Pets or to Altin Patiler with the reference "Dazzle".

Thank you, we really appreciate your support.

Would like to say a big thank you to Belgi who came out in terrible weather in the early hours of Saturday morning.

This little kitten had started to feel poorly around midnight. He had a drip and lots of medicine but sadly despite all of this and Belgi's efforts to resuscitate him at the end he sadly passed away just after 5am.

Sleep well little Squeaky.

AKDENIZ – The place I love to walk my dogs

By Kate Cornwell

There are so many beautiful places within Northern Cyprus that I love to visit but one special place that I enjoy immensely and go with my dogs is AKDENIZ.

I go early most Sunday mornings weather permitting as my dogs 'don't do rain' and when I'm there it is like I am on my own private island – bliss. I take a small flask of coffee, a piece of Olive Bread preferably, dog biscuits and water. The journey only takes me just under half an hour from Karsiyaka and it is such a beautiful trip – passing through Gecitkoy village with the magnificent Dam which is breathtaking.

As you start to make your way towards Akdeniz village, during the winter months depending on the climate if you look towards the Troodos mountains they can be covered in snow – what a beautiful sight.

I make my way to the centre of Akdeniz beach where there is a restaurant called CARETTA. The gentleman 'Tarik' who runs it, keeps horses there and they are beautifully looked after, which is such a delight to see.

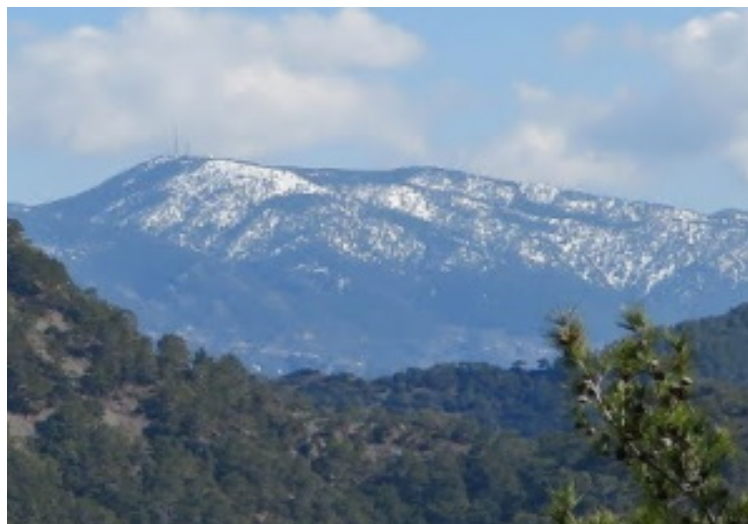

If you face the sea and look left you can see on most days Lefke and all the way to Yesilirmak where they produce the fabulous strawberries – the earth around that area is so lush and the vegetation is incredible, another place well worth a visit. In the centre of Yesilirmak village, if you make your way to the sea (5 mins) there are 3 restaurants overlooking the bay – I took my family there last September and we had a great lunch – they said it was one of the best they had!!

During the summer months at Akdeniz beach, there are a considerable amount of Turtles that nest and lay their eggs and they request that you refrain from taking your dogs there during mid May to mid October.

I love collecting shells on that beach and have wonderful bowls of beautiful different coloured and sized shells. I have only once found a massive shell and that was when the sea was high and I was walking near the dunes (8" long) –

definitely a one off in my lifetime. This wonderful part of the island is like being back in the old days of Northern Cyprus, unspoiled and just so serene and basic.

That's what I call heaven!!

Girne Municipality Children's Assembly has been established

Girne Municipality, launched a Children's Assembly on 7th January 2020 where all children between the ages of 9-15, living in the city, regardless of gender, religion, language, race, culture, will be represented.

The meeting was held with the participation of 150 children from the regional schools and the Board of Directors of the Girne Municipality Children's Assembly was elected.

The Children's Assembly, which was initiated, as in the contemporary cities, was established in order to ensure that children have a voice and take an active role in city life.

Following the completion of applications for membership of children aged 9-15, the Girne Municipality Children's Platform was held.

The first meeting was held on 7th January to form the Children's Assembly in the hall of Anafartalar High School. Mayor Nidai Güngördü gave a speech after the Mayor of the Council Sudenur İnce started the Children's Platform meeting.

Girne Mayor Nidai Güngördü emphasised that today's children are the managers of the future and expressed that the children will have a say in the city administration and country administration and thanked everyone who contributed to the implementation of Girne Municipality Children's Assembly Project.

With this project, Güngördü emphasised that it is aimed to provide for the future managers to have responsibility and democracy awareness, to care about their country, their family, environment and animals and to show tolerance. He stressed that they will try to move to the future with better conditions than today. Güngördü pointed out that today's children and young people live together with many advantages and disadvantages. With the first meeting of the Girne Municipality Children's

Assembly, Güngördü said that a memory will be created and wished success to the children's council.

Following the speech of Güngördü, the 150 participants were informed about the aim of the Children's Platform and the working system of the children's council by Misli Kadioğlu, Coordinator of Girne Municipality Children's Assembly.

Girne Municipality Children's Assembly aims to improve the values of children living in the Girne area to provide social consensus; identifying children's problems and providing environments where they can make suggestions; Production, work, culture, art etc. in social life. to pioneer the necessary work in order to have a say in the fields; Participation in urban life and determination of demands based on the problems of the city, ensuring that they take an active role in producing solutions and projects; Leading the way in directing children's projects to the competent units; Kadioğlu said that it was established in order to develop awareness of democracy and adopt democratic lifestyle of children. Children who participated in the Children's Platform Meeting and all children living in Girne region will be natural members of Girne Municipality Children's Assembly.

The members of the Board of Directors and substitute members of the Children's Assembly were identified.

Members of the Board of the Children's Assembly:

Elif Şeker from 23 Nisan Primary School with 1-104 votes,
Mehmet Ali Boncuk from Oğuz Veli Secondary School with 2-49 votes,
Sudenaz Alev from Anafartalar High School with 3-47 votes,
Nehir Arıcı from Karaoğlanoğlu Primary School with 4-43 votes,
Sevil Yalçın from 23 Nisan Primary School with 5- 40 votes
Feride İzveren from Anafartalar High School with 38 votes,
Filiz Aldemir from Oğuz Veli Secondary School with 7-37 votes,
Saliha Güç from Karaoğlanoğlu Primary School with 8-34 votes

Alternate Board Members

1- **Tual Zeyil** from Turkish Armed Forces with 33 votes,
 2- **Nursena Meral** from Anafartalar High School with 2-31 votes,
 3- **Eda Bittacı** from 23 Nisan Primary School with 3-30 votes

The names that will head the children's assembly will be determined after the election that will take place on Saturday, 11th January 2020. The

presidential candidates will be nominated, followed by the speeches of the candidates and the election.

Girne Municipality Children's Assembly, Assembly Members, Substitute Assembly Members, Parliament Speaker, Deputy Parliament Speakers, Parliamentary General Assembly and Parliamentary Executive Committee will be elected and their term of office will be 1 year.

Within the scope of the Children's Assembly, Sub-Committees entitled Culture, Arts, Education, Environment, Brotherhood of Peace, Sports, Children's Rights, Press and Solidarity will be established. These sub-committees will hold meetings with experts or guidance persons appointed by the municipality every two weeks and decisions taken by the committees will be discussed at the Children's Assembly Meeting, which will meet once a month.

Decisions taken in the Assembly, with the signature of the President of the Children's Assembly, will be forwarded to the Girne City Council and Girne Mayor.

10th January 2020 to 16th January 2020

Skin care with natural products seminar - Near East University

By Ahmet Abdulaziz

The Vocational School of the Near East University (NEU) recently organised a seminar where the importance of skin care was discussed. The essence of natural products to be used for skin care was discussed at length.

The seminar held at the NEU hospital, was basically held with the purpose of providing information to the participants regarding the plants and oils used in the production of skin care products. Some of these oils and plants are available locally.

Aysel Kurt, a well known beauty expert discussed in length the way these products can be used in skin care.

In the seminar, the students of the Department of Hair Care and Beauty Services had the opportunity to make skin care

products with various natural oils and try these products.

In her speech Assist. Prof. Dr. Aksoy said, “The number of women using herbal skin care products has started to grow every day and these herbal skin care products have been used as a result of bringing together herbal and natural products used in many different cultures for hundreds of years”.

EUL celebrates the Independence Day of Kazakhstan

By Ahmet Abdulaziz

The European University of Lefke (EUL) recently organized an event in connection with the Independence Day of Kazakhstan.

The event which was held at Rauf Raif Denktaş Conference Hall was attended by many students, especially Kazakh students studying at EUL.

In addition to cultural events, the students performed different dance performances accompanied by the music of their country. In addition,

the students had the opportunity to present their traditional food to the students from different cultures. The students expressed their happiness to come together on the Independence Day of Kazakhstan and thanked everyone who contributed to the organization.

Kazakhstan students were proud to introduce their country, read poems, gave speeches and encouraged students to organise other such beautiful activities. At the end of the night, a cake was presented to the participants and musical entertainment took place.

Tuzla Groups visit Gazimağusa Mayor

Şht. Özdemir Kindergarten Head Teacher Özgül Kayra, School Parent Association President Serap Uzun Yücedağ, Board Member Esra Findik and the President of the Association of Charitable Women Resmiye Ilkтуğ İblikçi, made a courtesy visit to Gazimağusa Mayor Ismail Arter.

Şht. Özdemir Kindergarten Head Teacher Özgül Kayra and the President of the School Parent Association Serap Uzun Yücedağ, requested consultation with the Municipality and the Ministry of Education in respect of the shortcomings of the school. The

President of the Association of Charitable Women Resmiye Ilkтуğ İblikçi stated that this can be done with Gazimağusa Municipality and that they are ready to work together.

Mayor of Famagusta İsmail Arter in his speech, thanked Şht. Özdemir Preschool Administration and Tuzla Charitable Women's Association for their visit and stated that they can provide the necessary support in cooperation with the Ministry of Education for the education and future of our children and that all necessary deficiencies can be solved.

News from Tulips

Our lovely Tulips supporter has made the last batch of marmalade for us before he returns to Ireland for a while.

So tomorrow (11th January) on the Tulips stall at Lambousa Saturday Market we will have orange marmalade, mandarin marmalade as well as spicy citrus chutney for sale.

We have a limited supply which we will be selling over the next couple of weeks but when it's gone, it's gone, so come early and get yours!

See you there!

Another busy day for the Tulips Lambousa team at the end of December who are very proud to announce they raised a total amount **in 2019 of 178,254.80TL** and this amount will help more than 350 cancer patients to have their chemotherapy treatment.

This has only been possible because of the dedication of a small number of volunteers, the

amount of very good quality donations that keep coming in, and all our loyal customers helping us raise funds week after week. Thank you to everyone who supports the Lambousa team and Happy New Year to you all.

If you would like to join our small but friendly team of volunteers please do get in touch, we would love to hear from you.

Comfortable "Derby" Win for Geçitkale

By Richard Beale ..

Sunday January 5, 2020: BTM League Red Group : Geçitkale Stadium,

In the end Geçitkale had a comfortable win over their "just down the road" neighbours Serdarlı in this entertaining Sunday afternoon fixture.

Thank God, Thank Allah for the BTM League! where the K-Pet Super League and League 1 teams are running for shelter from the arctic winter. The snow, ice, rain hold no fear for the robust BTM League footballers who take no break to give me my local fix of football.

Yeniböaziçi League leaders of the Red Group on Saturday made it 10 out of 10 wins and, barring a catastrophe, look certain to automatically return to League 1. Geçitkale hope to follow them via the play offs, despite this win they dropped to third in the table, overtaken by Incirli won 6-0, both clubs being on 22 points but Incirli having the better goal difference.

A sunny January afternoon, attracted a crowd of around 100 joined by a number of hunters who as normal got their picnic tables out and no doubt bottles of much needed medicine (Raki/whisky),.

Geçitkale have been busy in the January transfer market making 3 transfers, the much travelled striker Ibrahim Çelik, winger Hasan Bayandursun both started with another winger Akin Yıldırım on the bench.

Geçitkale struggled to get going in the opening 25 minutes, Serdarlı settled well and the Geçitkale goalkeeper Gürcan had to be very alert to thwart a couple of half chances.

Result: Geçitkale GSK 3 Serdarlı GB 1

Geçitkale v Serdarlı with Geçitkale in the white

At last Geçitkale gelled and came close to taking the lead in the 31st minute, a long ball found Ibrahim Çelik sprinting into the area, his shot hit the left hand post rebounding out to Vedat who squared it back to Ibrahim whose second shot hit the side netting.

33 minutes Geçitkale had valid appeals for a penalty, instead of clearing the ball, it was back passed to goalkeeper Özgür, but Vedat anticipated the pass and it appeared to me that the goalkeeper brought down the Geçitkale player, but the referee appeared uninterested in Geçitkale penalty appeals. Özgür who earlier suffered a leg injury needed lengthy treatment for a head injury.

This may have affected him when Geçitkale took the lead in the 44th minute a long hopeful bouncing ball, saw a race between the goalkeeper and

VEDAT MAROTLU, the Geçitkale player managed to get a toe to the ball pushing the ball past Özgür and simply putting the ball into an empty net.

HALF TIME SCORE 1-0.

Serdarlı were now second best as Geçitkale now were playing like their normal selves. Özgür did well to save at point blank range from Ibrahim.

Geçitkale increased their lead through their new signing and substitute AKIN YILDIRIM in the 62nd minute, he fastened onto a ball on the left, made his way into the area to shoot past Özgür. **2-0.**

Ibrahim Çelik came close to scoring a minute later, headed a good Akin cross just wide as Geçitkale were

now in the ascendancy.

Their third goal came in the 83rd minute, good work on the right by Rifat who sent in a cross finding Onurhan, the striker created space for himself and shot which Özgür could only parry into the path of AKIN YILDIRIM to tap in for his second goal. **3-0.**

In the 85th minute Serdarlı scored a late consolation goal, when Koray put in a hard challenge on Abdullah in the box and the striker went to ground. I thought it was a harsh decision to award a penalty, Abdullah took the kick, sending Gürcan the wrong way, however the ball hit the inside of the left hand post rolled along the line hit Gürcan and rebounded to GÖKAN KURÇOLAK following up to tap in.

FULL TIME SCORE 3-1

AKIN YILDIRIM scoring both of his goals
