From Ralph Kratzer The Foreign Residents in the TRNC (TFR)

"Dear members of TFR!

Our former TFR Chairman Willy Lindh from Sweden has been honored by the TRNC President, Ersin Tatar...

*As a United Nations soldier, Lars Willy Lindh showed courage and took great risks and helped the Turkish Cypriot Turks in the Eren*köy *Wars. It was a great pleasure to present this brave man the Honor Plate of Retired Officers Association"*

Here is an article **"Erenköy - the truth is told"** with an interesting video about Willy's involvement as an officer in the UN-troops in those days (1964) which you can read on the link shown below.

"We are shouting out independence & freedom to the whole world"

Expressing that the Turkish Cypriots are fighting for independence and sovereignty, President Ersin Tatar said, “We are shouting out our independence and freedom to the whole world. Our new policy is to make our existence accepted as two equal sovereign states.

Tatar attended the “National Struggle Medal Presentation Ceremony” organised by the Cyprus Turkish Retired Officers Association.

According to the information given by the Presidency, Tatar emphasised in his speech that the national struggle the Turkish Cypriots have been fighting for years with great courage is a matter of honour and dignity.

Expressing his happiness that the Security Forces Command, which prepares the Turkish Cypriots for the future, is getting stronger day by day, President Tatar commemorated with mercy and gratitude those who lost their lives by putting their lives on the line during the years of the national struggle, displaying a great example of courage and patriotism, and offered his thanks to the veterans.

Expressing that the departure of Turkish soldiers from the island will never be acceptable and that Turkish Cypriots will continue to exist freely and safely in these lands, President Tatar continued as follows:

“The National Struggle is a matter of honour for us. We want to shout out our independence and freedom to the whole world. With our new policy, we want to exist as two sovereign equal states. We don't want to go back to 1974. We will never accept the departure of Turkish soldiers from the Island. Our own sovereign state and our demand to live freely should be seen by the states of the world.”

At the ceremony, President Tatar presented a plaque to Swedish Lieutenant Lars Willy Lindh, who saw the preparations of the Greek Cypriots for the offensive during the national struggle of the Turkish Cypriots, and struggled for the UN to take measures, and especially took the side of the Turkish Cypriots in the Erenköy resistance.

While presenting the plaque President Tatar thanked Lieutenant Lindh for his courage, saying "There can be such brave people in world history."

Spectacular 20th International Olive Festival at Zeytinlik

By Ifor H Jarss....

The International Olive Festival, the oldest and most colourful festival in Cyprus, was again held in the village square of Zeytinlik from the 8th to 10th October. The festival was formally opened by the President, Mr Ersin Tatar, who reminded his audience of the importance to the country of the production of olives and their products. Stressing the need for fresh olive groves the President suggested that people should also plant olive trees in their gardens.

The festival is the 20th organised by Girne Municipality. Mayor Nidal Gungordu was delighted to be able, once more, to bring together all the people involved in the olive oil industry; growers, oil producers, refiners and other exploiters of the olive especially as the event last year could be held only electronically, over social media, because of the Covid epidemic. After welcoming political leaders and visitors from Turkey's Hatay Altıözü Municipality, Gaziantep Metropolitan Municipality, Kuşadası Municipality, Antalya Muratpaşa Municipality, and Beylikdüzü Municipality the Mayor gave his blessing to the festival by saying that the olive tree symbolises love, peace, tolerance and longevity. He therefore wished the festival goers to be full of peace, love and longevity.

After the opening ceremony olive incense was burned which added to the special atmosphere of the occasion. As well as the many stalls set up in the Zeytinlik village square which offered olive products and Cypriot handicrafts there were many other events of an educational, cultural and fun nature spread over the three days. These all attracted large crowds throughout the 3 days of the festival who enjoyed singing and dancing to the evening music shows.

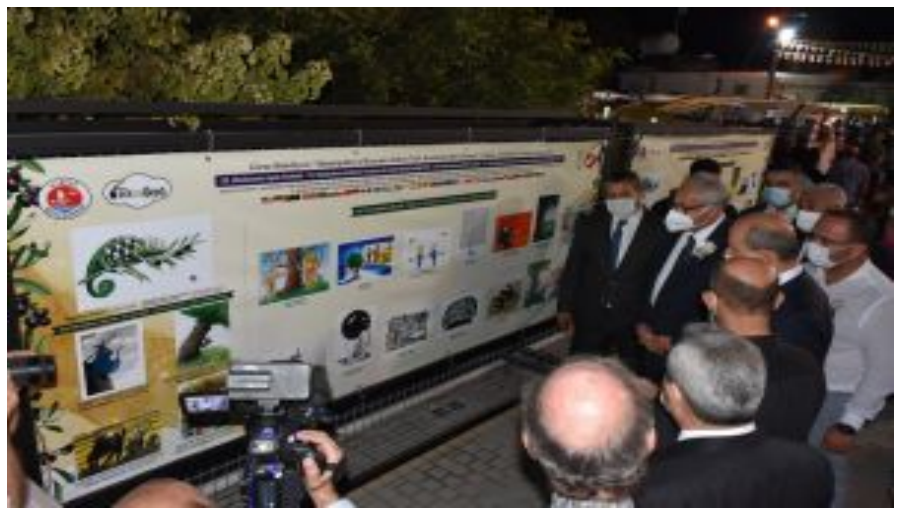

On Saturday the writers and poets Dr Sevket Oznur, Hasibe Sahoglu, Mehmet Kansu and Dr Tayfun Nesimoglu offered works and the short film "In Adulthood" in memory of Ali Nesim. A folk dance show was put on by the Girne Young Art Lovers Association. On a business level there was also a seminar on olive tree diseases and treatments presented by Dr Murat Helvaci and Mehmet Atak. A lively Tango dance show took place between concerts by Hasan Gunyuz and Ibrahim Cetiner and by Hafiz Dolek. Altogether a packed evening of entertainment.

There were also plenty of things to enjoy on Sunday following the formal planting of olive saplings at the Zeytinlik social housing project. There were live art performances by Ece Apan, and an educational presentation of the place of olive and olive oil in our lives and its importance for our health. Another way to keep healthy was demonstrated by the folk dance show put on by the Cyprus Folk Dance and Art Centre Association and, later in the evening by a Tango Dance show by the Kyrenia Tango Argentino. More concerts were offered by the Dilara Ferit Band and “SOS”. Amongst all these activities was the formal award ceremony for the winners of the 9th and 10th International Cartoon and Olive Humour Festival competition.

Akar: "Greek Cypriot Administration ignores Turkish presence"

The Turkish National Defense Minister Hulusi Akar said "Ambition of armament has started in Greece, especially recently, by making some agreements with the encouragement and provocation of some countries. You cannot gain an advantage against Turkey with such attempts, give up this effort."

Stating that the Greek Cypriot Administration has ignored the Turkish Cypriot presence on the island for hundreds of years, Akar said "You cannot find any solution without acknowledging the Turkish Cypriot existence. We are referring to two sovereign, independent states with equal rights. Negotiations will be held within this framework and the states will continue their lives in their own province."

Özçınar receives award for his contribution to promotion of TRNC

Union of Turkish Cypriot Municipalities and Mayor of Güzelyurt Mahmut Özçınar received an award at the 11th International Buhara Media Awards Ceremony, organised by Buhara Media Group, for his efforts to promote the Turkish Republic of Northern Cyprus (TRNC) internationally.

According to a written statement from the Union of Turkish Cypriot Municipalities, Mahmut Özçınar made a speech at the award ceremony held at the JW Marriott Hotel in Ankara on 6th October and said "In the context of our relations with Turkey, we make an effort to promote our country through the work we do in the Union of Municipalities of Turkey, the Union of Municipalities of the Turkic World, the Union of Mediterranean Municipalities and the Middle East West Asia Regional Representative and beyond that, in the Council of Europe.

We continue to contribute to this so that our beautiful island can carry out dimensional work in the context of international relations."

Sean and Julian, the sons of John Lennon

By Ahmet Abdulaziz.....

I always thought that I know a lot about the Beatles and particularly about John Lennon, who is my favourite of the four. But just yesterday I realised that there still are many important and interesting pieces of information that I do not know. The latest that came to my knowledge is that both John and Sean (the father and son) were born on 9th October. The father and son, share the same date and month.

John Lennon was 35 when Sean was born to Yoko Ono, the second wife of John Lennon. So just last week on 9th October 2021, it was the 46th birthday of Sean Lennon and the 80th birthday of John Lennon.

John Lennon had earlier married to Cynthia Powell on 23rd August 1962, just when the Beatles were starting their march towards the top of the music world. He was 21 and Cynthia was 22. Their son Julian Lennon was born on 8th April 1963. Unfortunately, this marriage did not last long, and they separated in 1968.

John later married Yoko Ono on 20th March 1969. Yoko was seven years older than John. Later on, Sean Lennon was born on 9th October 1975.

Being children of a celebrity like John Lennon was indeed never easy for them, mostly so for Julian, who passed through the crazy periods of "Beatlemania", when a little kid. He once quoted saying "There were times when being John Lennon's son was very difficult". Young children used to make fun of him playing guitar, because they wanted him to play like his father, which he could never do. Later, he even left Liverpool and went to Surrey and then to Wales, just to have a less tense environment.

But Sean on other hand, born in 1975 when the Beatles as a group was no more, passed through a somewhat lesser strenuous childhood. But it was less strenuous just in one sense since it was not just easy to be the son of John Lennon and Yoko Ono. Yoko has been widely known as the woman who broke up the Beatles. Thus Sean grew up, where many used to bully him to be the child of a mother who broke up the Beatles and took John Lennon away from the rest of the Beatles.

All these issues that they went through in their early ages, also made an overwhelming impact on their personal lives. Though they both chose to be in the field of music, they were never able to come too close to each other. There was more than one reason for that.

Firstly, John was never a good father to Julian, since those were the days when he was too busy in the world of music. But it was not just the non-availability of time only, he was simply not a mature father to Julian. Paul McCartney taught Julian to play the guitar. Paul has been mentioned as writing their famous song "Hey Jude" for Julian. "He (John) never really knew how to be a dad" Paul was once quoted as saying, about John, regarding the awful father/son relationship.

But in the case of Sean, John had a totally different approach. As he once said, " Sean was a planned child, and therein lies the difference". In those days, John Lennon had become more an activist than a musician, and was having problems with the US government. So he took a break and spent a lot of time with his son Sean.

The ultimate result came out, Julian got much less of what John had left. On the other hand, Yoko and Sean got the most. Lennon had created a trust of £100,000 pounds sterling for Julian to be shared with his half brother. The rest of his estate went to Yoko and Sean. Julian had been quite upset about this but never came out too furiously about it. However later on Julian sued his father's estate. Ultimately he ended up with 20 million pounds sterling after finalising an agreement with Yoko Ono.

However, despite everything Julian has always expressed his love and affection for his half brother. The same was with Sean too.

Julian is the son of John and Cynthia

Sean is the son of John and Yoko

Kyrenia Animal Rescue (KAR) - News Update

LUCKY (WAS MIDGE) UPDATE

Do you remember our recent story about Midge who was re-homed but ended up back at the centre due to no fault of his own?

Well Midge (now Lucky) is in his new home in Canada and we have had the following update from his new owners:

"This boy has adapted very well to his new family. Very energetic and full of life.... We love him so much. p.s. he goes crazy when he sees squirrels! "

Lovely happy furever after home for Lucky

DENIZ

We find it hard to believe that poor Deniz is still looking for his happy furever after home. He is about 3½ months old now and has the most gorgeous crystal blue eyes. He had a shocking start to his life. Let's put an end to that today and find him a home and family to call his own. Please come and visit Deniz, and our other animals, at our Rescue Centre. The centre is open 7 days a week from 9am to 1pm and you are guaranteed a warm welcome from our animals. They just love meeting new people.

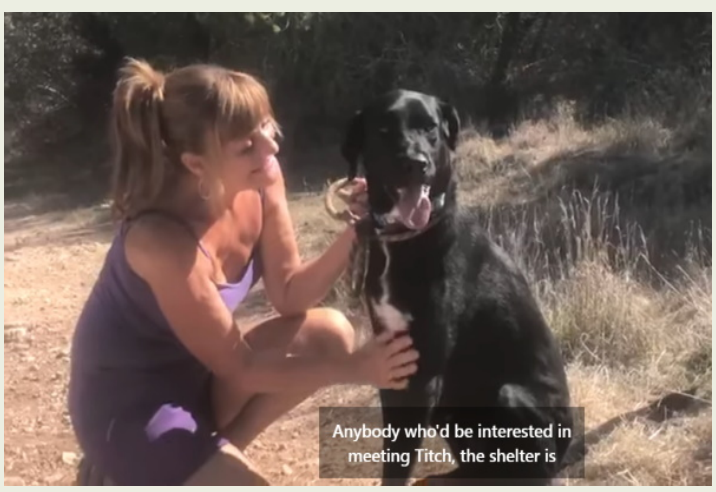

Black Beauty No. 7

We would like to introduce you to **Titch**. This very handsome boy came to the rescue centre here in North Cyprus back in 2019 and we estimate he is now about 4 years old. Despite his name, Titch is one of our larger dogs but he is very calm and gentle. And as you can see, he has a very shiny coat!

He gets on just fine with other dogs and he would love a big secure garden to run around in. Titch is neutered, microchipped & vaccinated - all he needs now is that forever home.

You can meet Titch at the centre, he will be delighted to see you - we are open to visitors 7 days a week between 9am and 1pm.

KAR Pet Travel (and KAR) love happy endings and we often have tear filled eyes when pets and their owners are reunited at the end of their travel to/from TRNC.

This was even more so this week when **Dez** left our Rescue Center to travel to the UK.

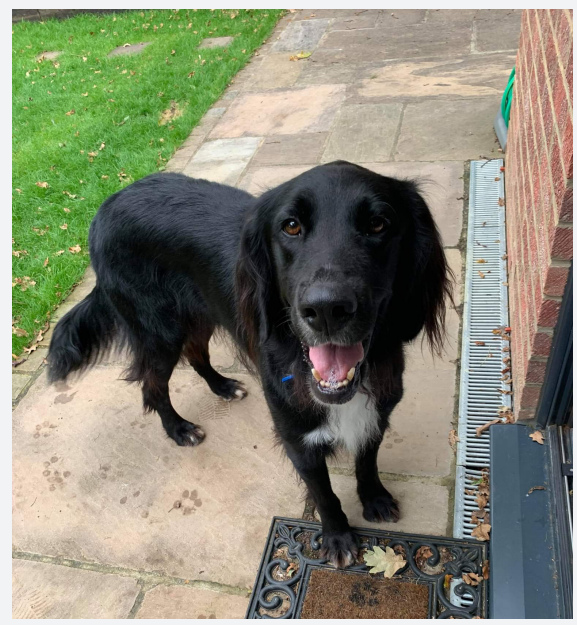

Everything went smoothly with his journey and after his UK clearance process was completed he spent a comfortable night in boarding. This was all agreed as his "new family" wanted him to arrive at his new home during daylight so as to be able to be introduced slowly to his new family.

But there was one family member who Dez would probably remember - his BROTHER Daz was waiting for him. Daz had been adopted, from KAR, back in 2019 and now the 2 brothers were being reunited and would be living together again.

The boys do also have ANOTHER brother - Drew - he too was adopted from our center - and now lives happily in Canada.

Happy days boys x

Kyrenia Animal Rescue (KAR) - News Update

KITTY SNIPPING RESULTS FOR SEPTEMBER 2021

Well the scores are in and they have been checked and verified and we are very pleased to announce that during the month of September, the KAR Clinic spayed and neutered a total of 71 street kitties! That's 41 females and 30 males which equates to goodness knows how many unwanted kittens that will not now be on the streets.

For further information about our Street Cat Neutering Scheme please contact the office by email on kartrnc@gmail.com

Harlee and Luna (brother and sister) left behind the warm sunny days of TRNC this week - to jet off to their new home in a slightly cooler Scotland. Linda was anxiously waiting for them having travelled herself the same day.

KAR Pet travel had a recent update just after their arrival....

" Morning Kim

The dogs arrived safely and they seemed to have been ok after their journey and have settled in great.

The weather Monday/Tuesday was ever so mild and they have already had walks around farmland and they have loved running in the grass fields. Thanks so much for your help and care."

Happy Days in Bonny Scotland Harlee and Luna x

WE NEED YOUR HELP URGENTLY

Our Rescue Centre is looking for part-time workers to regularly cover the hours of Monday to Friday 8am to 4pm. Duties will include but are not limited to cleaning the dogs and cats living areas and generally taking care of the animals. Transport is available from Girne (Kyrenia).

We are also looking for regular volunteers to act as "Meeters and Greeters" to help show our visitors around. These hours are 9am to 1pm.

If you would like to join Team KAR at our rescue centre please contact Elaine (Centre Manager) on 0533 863 1950 or the office by e-mail on kartrnc@gmail.com You don't need to have done this sort of work before as full training will be given. You just need to love our cats and dogs and want to give them the best you can.

Armonia Mundi-Ümit Inatcı -World Harmony Art Exhibition

By Heidi Trautmann
www.heiditrautmann.com

World Harmony Art Exhibition 2019-2021 at the Atatürk Cultural Centre – 7th-9th September 2021

In his catalogue Ümit Inatcı says as introduction to the painting/music experiment ARMONIA MUNDI

The complex sounds of the microcosm and the macrocosm reflected in each other seek their own harmony in cosmic unity. As a cycle dynamism, they take place in an integrative space of rhythmic succession, which gives a sense of chaos and order. While the voices flowing in the tone of speech are stretched between density and sparseness, the silence moving in the spaces allows another energy to accumulate. In order to hear harmonious discordant sounds by looking at a picture, your eyes must be open instead of listening. To hear with the eyes is to feel the picture; meaning withdraws itself at this stage.

I imagine each of my paintings as a garden of a musical play under the endless sky within the organic and geometric integrity of the garden. Nature and space donate their own sounds to me, their colours, their scents … To build an exuberant ARMONIA MUNDI between an arche and eternity in the cosmos.

I see it that Ümit Inatcı brings our world to its very roots, to a space where the old experiences are collected, a space museum, going back to the first attempt of human communication, meant to stay, symbols, a symbolic language with its own colour and tones, forming a melody. He speaks of chaos and order …. and tries to bring order into the chaos by allotting meanings of life to spaces of life. The graphic spaces are very clear and orderly, smooth and clean colours, housing the various sources of life represented as symbols, perhaps based on old scripts such as the Etruscans, Cyprus bronze age and developed by himself.

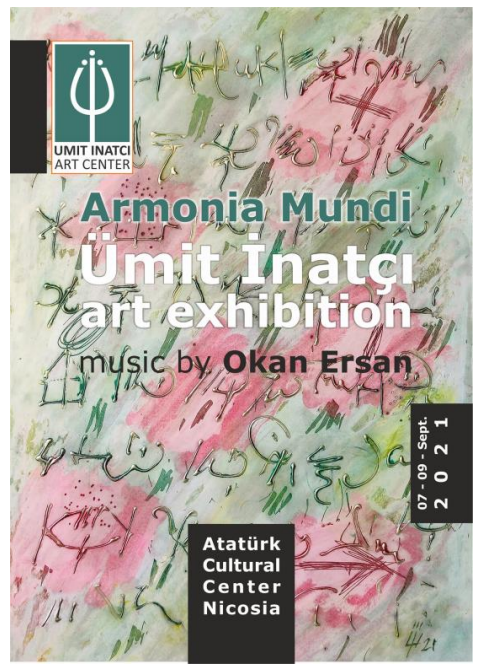

While we, the visitors, develop our own thoughts in front of the big-sized paintings, in front of archaic installations, the room is filled with music, which was composed by Okan Ersan with seven movements:

1.Cosmos, space and motion
2.Cosmogony – the creation of the universe
3.Earth and signs of life
4.Beings and cosmic harmony
5.The emergence of human antinomy
6.Civilisations and religions
7.Chaos and seeking harmony in the world

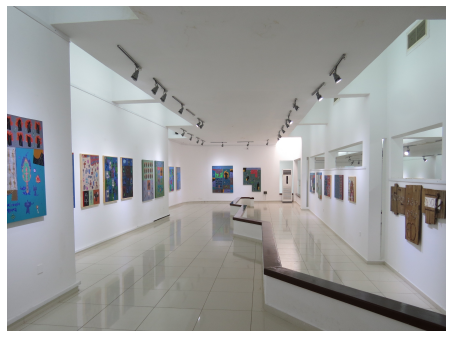

Is it a key to understand humanity?

The exhibition was on only for two days, a glimpse behind the doors of the freshly opened Ümit Inatcı Art Centre, a space for artists, the link is shown below.

An article about Ümit Inatcı's last exhibition at the same place in 2012 with some more thoughts about his work, can be seen on my website under the category Cyprus Art News, item No. 325.

ATA Cookery Course Week 2 was underway at the Black Olive Cafe

After the euphoria of attending their first lesson last week, week two of the Anglo Turkish Association of Northern Cyprus cookery course further enhanced the skills they had learned in week one. With rolling pins at the ready, attendees set about prepping their ingredients for another enjoyable learning experience, starting with a couple of different savoury Boreks and finally finishing with a dessert Borek - not to mention soup, side dishes and a meat main course thrown in for good measure.

The hours flew by as everyone was engrossed in perfecting their own creations whilst keeping a watchful eye on how everyone else was doing. Were their efforts better than everyone else's? who could say, but it certainly tasted better seeing the expressions on some of the other faces as they tucked in to a wonderful meal after all their hard work.

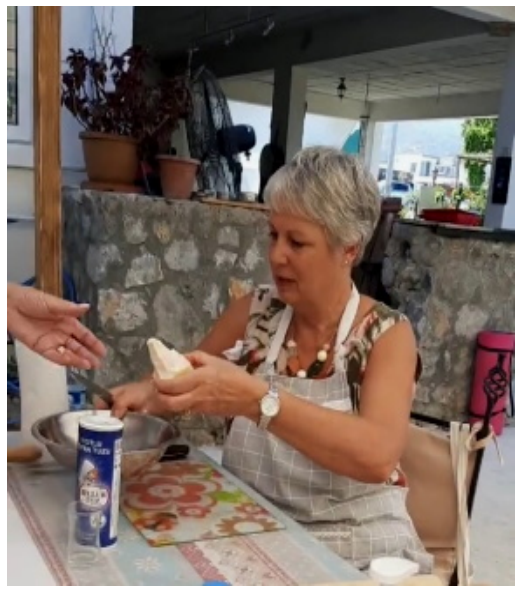

Association member Keith Edwards, said, "Another great ATA event doing the Cypriot Village Meal cookery course at the Black Olive. It is very good watching the demonstrations of what and how to do something and then putting into practice the techniques ourselves. Of course the best bit is to eat our own wonderful creations".

Whilst guest Sarah Iqbal commented, "Today's local cooking course was brilliant and the food we prepared and cooked then ate was delicious! It's been great getting to meet nice new people who have come together to learn new culinary skills".

At the end of the day, Black Olive Tutor, Vicki Karaca said, "This week's lesson was more difficult than last week so l am pleased with everyone's effort today and that the meal they produced was a credit to all of them. Some dishes they made today weren't picture perfect but they certainly tasted alright, and that's what counts in Turkish Cypriot village meals!"

Tulips - October - Breast Cancer Awareness Month

Readers Mail ....
From Sue Tilt – Tulips ....

Most of you probably saw the recent (September 2021) British news that singer Sarah Harding of the British pop group Girls Aloud died after a battle with breast cancer, she was only 39 years old. The singer said last August that she had been diagnosed with breast cancer and it had now spread to other parts of her body.

This highlights the importance of checking your breasts regularly and what better time to start than now!

Breast cancer can be diagnosed at any age but the most important thing to remember is that if you find something different or unusual about your breasts go and see a doctor, do not hum and hah about it.

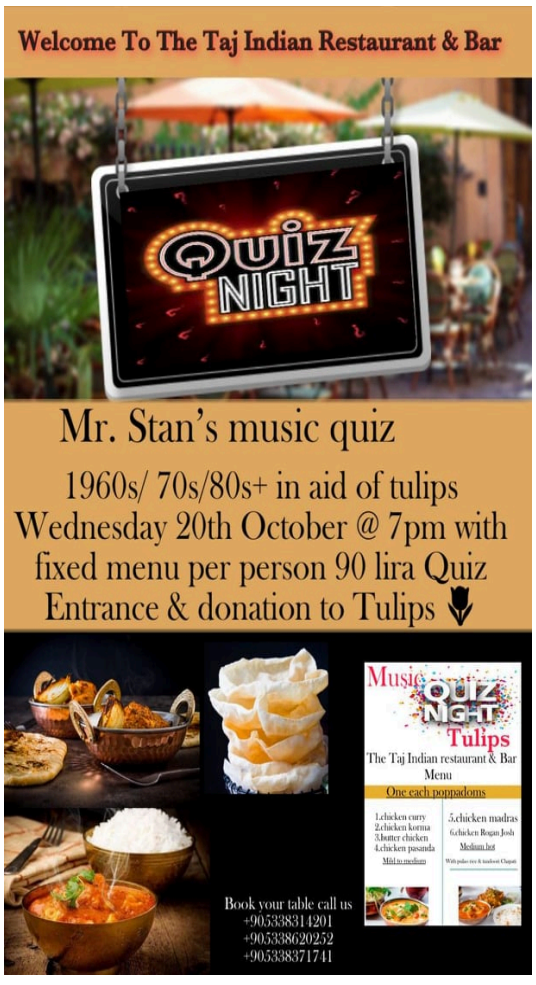

Early diagnosis increases your chance of survival plus the treatment may well be less gruelling.

TRNC Management Agreement to control the Karpaz Donkeys

The Ministry of Tourism and Environment and Dipkarpaz Municipality have signed a cooperation agreement for the management of wild donkeys in Karpaz and to prevent the damage to agriculture they cause in the region and to ensure traffic safety.

The overall management responsibility remains with the Ministry of Tourism and Environment's Environmental Protection Department but Dipkarpaz Municipality will take control of the entrances and exits of the wired-off area, as a first step, and any needed repairs will be undertaken. In addition the gender and population of the donkeys living in the wired-off area will be determined and recorded by the Dipkarpaz Municipality.

The Municipality will report its activities to the Environmental Protection Department of the Ministry of Tourism on a monthly basis.

ATA expands with new members clinic location at Creditwest Bank

The cooperation between the Anglo Turkish Association of Northern Cyprus (ATA) and Creditwest Bank continues to evolve with the opening of an ATA members clinic at the bank's Girne branch.

Branch Manager Caner Demircioğlu said, “for some time we have been a collection point for the ATA’s blue bottle top recycling scheme, so having an ATA member clinic at the branch is a natural progression. Myself and all the branch staff have been talking about this for weeks and are pleased that today 12th October 2021 the very first member clinic of any kind has taken place at my branch, and I am pleased the ATA has chosen my branch as a place to hold one of their regular member clinics. I wish the ATA every success for the future with their member clinics”.

Jacqueline Cameron who came to the bank branch especially to join the ATA said, “l have been meaning to join the ATA for the last couple of years but never got around to it, when l discovered that the ATA was starting members clinic today at this branch I just had to come along and join. For me, its central location and being Wednesday market day make it ideal for me to find more out about the activities the ATA get up to. Well done for choosing this location”.

ATA Chairman Philip Lloyd thanked Caner Demircioğlu and Figen Kaymak of Creditwest Bank for helping with the arrangements and the branch's staff for making them feel so welcome. He said, “Our cooperation with Creditwest goes from strength to strength and today is a good example of how two Turkish Cypriot leaders in their respective fields can work together for the mutual benefit of everyone. Having a number of people specifically come to the bank to join our association today has proved that opening a member clinic at this branch was the right thing to do”.

ATA Member Clinics are held on the 2nd and 4th Wednesday of the month at the Creditwest Bank Girne branch.

For information on this ATA member clinics visit the Member Clinics Page of the ATA website:

Seabreeze Restaurant, Kucuk Erenkoy had another great Karaoke

Readers mail….
From Susie L Ford….

We had another packed house and a very successful Karaoke session at the Seabreeze Restaurant, Kucuk Erenkoy on Wednesday 13th October.

It was definitely the place to be at Sumarts Karaoke at Seabreeze and the place was packed and the Karaoke singers were fantastic, there was a lot of talent out there.

The Fish and Chips were so good and often said to be the best on the island.

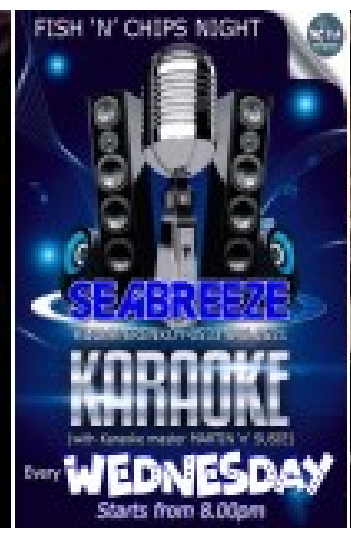

Thank you all for joining us and please remember to book early for next week as it is extremely busy.

Thank you to Claire and Mehmet at Seabreeze for hosting us as always.

Until next time.... keep safe everybody.

Walking the Dogs - 13th October 2021

Wonderful walking weather for both doggies and walkers. Would like to thank Debbie Fallows, Mike Phillips, Valerie Maskell, Mike Bezzant, Jennie Mitchell, Darren Dumbleton, Heather Gordon and Ursula and David for your kindness in walking and treating these lovely dogs.

Because the weather is cooler the walks can be a little longer, so on this occasion we walked 30 dogs all of which thoroughly enjoyed their trip out.

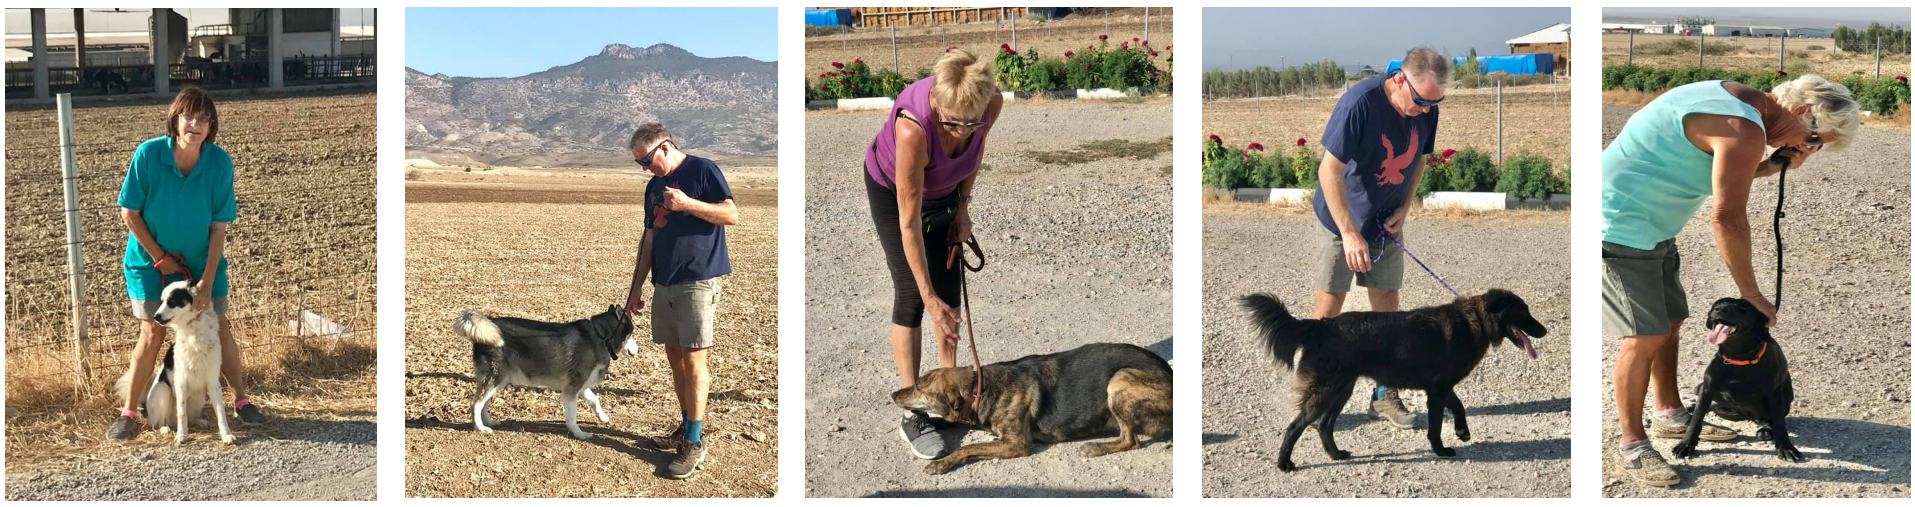

The photos show the care the walkers have for the dogs and the joy the dogs have being out with their walkers, and to top it all it's fun!!

So enjoy the Wednesday walking group, thank you to all you wonderful people.

If you would like to join our band of walkers, contact me via my Facebook page, shown below :

Heartbreaking afternoon for Esentepe

Result : DÖRTYOL SK 2 ESENTEPE KKSK 1

Sunday October 10, 2021: AKSA League 1 : Adem Nural Stadium.

By Richard Beale ....

Esentepe had 2 players sent off late in the first half, battled bravely with 9 men for the entire second half and looked like they would come away with a deserved hard earned point, before BERKANT ISTANBUL broke their hearts scoring the winner in the last minute.

Esentepe lost this match in a 5 minute spell of madness having defender Nersin sent off with a straight red card in the 42nd minute followed 2 minutes later by Şükrü for a second yellow card offence. It didn't end there on the stroke of half time teenage striker Hüseyin Deynekli was carried off on a stretcher and eventually taken to Hospital with what looks like a serious injury.

Before the match Esentepe were without their injured midfield player Ilyas and Goalkeeper Onur failed a fitness test just before the kick off. Esentepe Coach Kılıç Ali Kahraman was forced to give League debuts to two 17 year olds, Goalkeeper Osman Erdoğan and right back Devran Güneş - both acquitted themselves well and fully justified their inclusion.

A warm sunny afternoon, a packed Adem Nural Stadium with the partizan Dörtyol supporters in full voice, set the scene for this League 1 clash.

Esentepe made a nervous start almost conceding a goal in the opening minutes, losing possession, Ridvan whipped the ball in causing confusion in the Esentepe defence, before Osmond scrambled the ball away for a corner.

Esentepe shocked the home team with a goal in the 7th minute, following a Deniz corner from the left that was met at the far post by EMRE MUTLU who sent a low header into the net. **0-1**

After an even opening 20 minutes Dörtyol equalised when Esentepe defender Gürkan made a hash of a bouncing ball, Ayberk squared the ball across to the area where BERKANT ISTANBUL sent a fierce shot pass Osmond. **1-1**

Hüseyin Deynekli went close for Esentepe from a breakaway sending in a strong shot just wide.

The match turned on his head when a long ball sent Berkant through on goal with only Osmond to beat, Esentepe defender Nersin "took one for the team" bringing Berkant down to earn himself a straight red card. What referee Hüseyin Eyyüpler failed to see or any of his officials was a foul on Esentepe's forward Deniz on the half way line, Esentepe protested strongly but the referee remained unmoved.

From the resultant free kick just outside the Esentepe goal area the kick was blocked by Şükrü who followed the ball out to the touchline where he clashed with Selkan and was red carded for a second yellow card.

Just on the break things got even worse for Esentepe when Hüseyin Deynekli was injured, stretchered off, the Officials needed a Police escort when they left the field at half-time as they were confronted by angry Esentepe supporters at the gate.

HALF TIME SCORE : 1-1

During the interval Esentepe made 2 changes bringing off Hüseyin Ermış replacing him with Semih Arslan and veteran defender Okan Kibar for the injured Hüseyin Deynekli.

continued on next page ....

continued ... Heartbreaking afternoon for Esentepe

Esentepe played 4 at the back, 3 in midfield and left Deniz up front to chase and harrying the Dörtyol defence on his own.

As expected Dörtyol attacked strongly, using both flanks with their extra numbers but the Esentepe defence stood rock solid fending away any danger. Dörtyol forced several corners but with goalkeeper Osmond growing in confidence, dealt efficiently with anything in the air.

Dörtyol- Esentepe match action - Dörtyol are in green.

Hakan rounded Devran on the left before crossing to the dangerous Berkant who headed straight into Osmond's arms.

Devran who had played well on his debut, fell to the ground clutching his back and was replaced by Şenol in the 66th minute.

Esentepe shocked the home team creating two chances firstly Tuğra miss hit his shot from a good position and shot straight at goalkeeper Ahmet.

Then great work by Ege chasing the ball down before finding Semih, he laid the ball back into the path of Emre who shot over the bar.

Osmond did well in the 83rd minute pushing the ball away at his near post for a corner from a Melih header.

With Esentepe supporters sensing an unlikely draw they found their voices while also glancing anxiously at the clock willing away the seconds, and the minutes but once again fate was to deal a cruel blow to Esentepe.

It looked like Esentepe's brave rearguard action would bring them a deserved draw but their hearts were broken in the last minute of normal time when BERKANT ISTANBUL sent a powerful header past Osmond following a right wing cross. The ground erupted as Dörtyol players and fans celebrated wildly leaving Esentepe players slumped on the floor and their fans holding their heads in their hands - football can be so so cruel at times.

FULL TIME SCORE : 2-1

SUMMING UP :

What can you say, you feel for the team, they gave everything, you can't ask for more. It's an old cliche in football but they played for the shirt, played for the badge, they did their village proud. If only the officials saw the foul on Deniz before Nersin's foul - if only, if only. The experienced players like Okan and Emek have seen it all before in football but your hearts go out to the youngsters in the team, it must have been devastating for them.

Every player in the second half was "Man of the Match, Deniz had a good first half and ran himself into the ground as he battled alone in the second half. Overall EMRE MUTLU kept going for the full 90 minutes, scored and was the best Esentepe player. Though Dörtyol took all 3 points I think their Coach Ahmet Ogan won't be happy with their overall team performance,
