## Greek Cypriot education teaching the youth by distorting history

### TRNC Ministry of Foreign Affairs Statement ....

It has been learned that racist and offensive words such as "EOKA again", "Turks out", "Cyprus is Greek land" were written on the walls of Nicosia Technical School in Southern Cyprus.

The growing intolerance towards the Turkish Cypriot people, one of the two peoples of the island of Cyprus, is the result of the Greek education system teaching the Greek youth by distorting the historical facts and sowing the seeds of hostility in the young minds.

It is obvious that such actions in the South will not be the last unless the Greek Cypriot leadership detects and punishes the outdated vandals who carried out this action.

It is seen that the intolerance shown in Southern Cyprus against the existence of the Turkish Cypriot people, one of the two owners of the Island, who has existed on the Island for centuries, is increasing day by day.

It is an undoubted fact that the ongoing statements of the Greek Cypriot leadership, which poisoned the relations between the two peoples on the Island, also fueled

this destructiveness.

We strongly condemn the action in question, we expect the writings on the walls to be erased as soon as possible and the perpetrators of this

action to be found and punished in the shortest possible time.

## TRNC Presidency made a statement on Colin Stewart's appointment

The TRNC Presidency announced that Colin Stewart, whose appointment was approved by the Turkish Cypriot side on 30th September 2021, is expected to take office as of December 2021, as the Special Representative of the UN Secretary-General, the Chief of Mission of the UN Peacekeeping Force, and the Special Adviser to the UN Secretary-General.

In the written statement made by the TRNC Presidency, it was reminded that Elizabeth Spehar's term on the island had ended in September this year, and the UN had sought the consent of the Turkish Cypriot side for the appointment of a new special representative.

It was also noted that the Turkish Cypriot side approved the appointment of Stewart on 30th September 2021 and Stewart is

expected to take office on 1st December 2021. The Turkish Cypriot side and the Republic of Turkey underlined from the very beginning that there should be a common ground to launch the official negotiations.

Pointing out that the Turkish Cypriot side and Turkey underlined at every opportunity the need to find common ground in order for official negotiations to begin, the Office of the President said that no such ground existed at the moment, a conclusion confirmed by the UN Secretary-General at the end of the five-plus-one meeting held in Geneva in April this year.

The statement also reminded that President Ersin Tatar presented a proposal at the informal meeting held in Geneva to launch official talks in order to achieve a new relationship based on cooperation between two equal and sovereign

states with equal international status.

After the 5+UN informal meetings, the work on whether there is a common ground to launch the formal negotiations between the parties was conducted by UN Envoy Jane Holl Lute.

The same statement said that the Turkish Cypriot side and Turkey

had given consent to the appointment of a new personal representative after the previous envoy Jane Holl Lute's term had expired.

## Tatar: “We will follow the path of the Great Leader Atatürk”

President Ersin Tatar published a message on the occasion of the 83rd anniversary of the death of the founder of the Republic of Turkey, the Great Leader Mustafa Kemal Atatürk.

In his message, President Tatar noted “On his 83rd death anniversary, I commemorate the most important commander, statesman, and reformer of the 20th century, Mustafa Kemal Atatürk, who raised a nation that wanted to be destroyed and founded a state by liberating it from the clutches of imperialism with the War of Independence.

Turkish Cypriots, following in the footsteps of Atatürk, with the support of the Republic of Turkey established their own state by paying a great price and creating martyrs in the struggle for existence and freedom for years. Our people will never deviate from the path drawn by the Great Leader Mustafa Kemal Atatürk; they will not give up their sovereignty, independence, reforms, and the Turkish Republic of Northern Cyprus. God rest his soul.”

## TRNC Presidency made a statement on Halloumi

In the statement made by the TRNC Presidency, it was stated that TRNC President Ersin Tatar wrote a letter to the President of the EU Commission, Ursula von der Leyen, drawing attention to the difficulties posed to the Turkish Cypriots, and stressing that the regulation that is being tried to be implemented aims to subordinate the Turkish Cypriot producers to the Greek Cypriot authorities, and emphasising that this is unacceptable.

“Although it was accepted at the evaluation meeting of the Halloumi Coordination Board under the TRNC Prime Ministry with the participation of the Undersecretaries of the relevant Ministries, the Turkish Cypriot Chamber of Commerce and the Turkish Cypriot Chamber of Industry on 12nd April, 2021, halloumi (hellim) is still a product with an EU-protected origin name, from which Turkish Cypriot manufacturers cannot benefit. It was reminded that the board evaluated the problems experienced in the process of exporting to the EU and it was decided to transfer the issue to the President in order to take the

necessary initiatives.

Following this decision, it was noted that President Ersin Tatar accepted the members of the Halloumi Coordination Board and, at the evaluation meeting held, the Board requested that the problems experienced be conveyed to the President of the EU Commission, Ursula von der Leyen, via a letter to be signed by President Tatar. “

The statement continued:

“In line with this request, a letter was sent by our President containing the problems conveyed by the Board.

In his letter, our President stated that discrimination and injustice against Turkish Cypriots would not be accepted and asked the President of the Commission to review the regulations that were trying to be put into effect by the EU, violating the basic principle that one of the two parties cannot exercise authority over the other as a requirement of the Turkish Cypriot side's pre-existing equal rights.

Our President explained that the

regulation that is being put into practice aims to subordinate the Turkish Cypriot producers to the Greek Cypriot authorities, that this serves the Greek Cypriot side's ambitions to dominate the whole island by spreading its authority to the TRNC, and that this outdated approach cannot bring peace and stability to the island.

Reminding the responsibility of the European Commission to find a functioning mechanism in terms of registration on the entire Island, our President took a step towards starting the process by appointing the health and food safety inspection body necessary for the export of halloumi to the European Union via the Green Line as soon as possible by the

Commission or both parties. He also voiced his request for it to be removed.

Our President also told Ursula von der Leyen that the European Union's decision on Halloumi harms the environment in a process where efforts to build cooperation and trust between the two sides continue and the balance must be observed in order for the official negotiations to start, and he drew attention to the fact that it further undermined the Turkish Cypriot people's confidence in the European Union.”

### WALK YOUR DOG A MILE A DAY IN NOVEMBER FOR KAR

Everyone knows that dogs need regular exercise and that probably we humans should exercise more than we do too. So we have an incentive to help you tick both these boxes in one go.

All we are asking is for you to walk your dog a mile a day during the month of November. That really isn't that far especially if you take your dogs out twice a day. In order to raise money we have some sponsor forms available at our office and the rescue centre. If you'd rather not go down the sponsor route you could just put coins or notes in a jar every time you take the dog out. Then bring the jar into the office in December or send the funds into one of our bank accounts either here in the TRNC or the UK (please mark your donation "Dog walking"). Our Bank details can be found on our website.

If you would like to join in but don't have a dog we have loads for you! Pop up to the rescue centre and take one (or more) of ours out for a walk! The centre is open 7 days a week from 9am to 1pm. The dogs will love you for doing it so that's a third tick in the box too.

Looking forward to seeing your photos of your dog walking adventures.  
Good Luck everyone!

### A cautionary tale

There are a few ways of bringing pets into the TRNC and many owners choose to bring their pets in with Turkish Airlines (as "accompanied pets") on the same flight as themselves. This can be a very cost effective way to travel with pets as it is usually (depending on route) based on the weight of the pet and its travel box.

Dennis, after discussions with KAR Pet Travel, decided that this would be his preferred option for his border collie **Hector**. Once he had booked his flights he remarked to Kim, (at KAR Pet Travel) about the high cost for Hector's ticket. Alarm bells rang for Kim - £1200 for 1 border collie from UK !!! Something was not right.

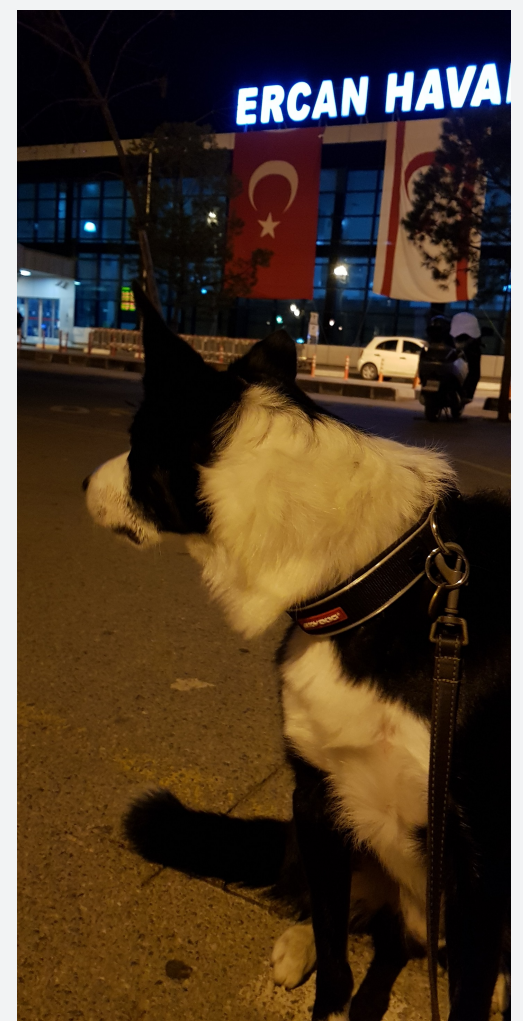

Following several conversations with Dennis it turned out that although Dennis had thought his booking was made direct with Turkish Airlines - it had actually been made with an online ticket agent. Although Hector's details were listed on the ticket - the supposed "fee" for the carriage of Hector was labelled as a "booking fee". Kim explained to Dennis exactly what the process should have been - she gave him an approximate cost (the exact price depends on the weigh in on departure) for Hector if booked direct with Turkish Airlines. Armed with this information Dennis then went back to the agent to try and get a refund. He was only offered a partial refund. Part of the £1200 costs he was told, was the standard airport transfer fee at Istanbul for Hector to be transferred from the International to the Domestic flight.

Kim explained that this is totally incorrect and explained in detail how the transfer at Istanbul is dealt with and by whom - and that there is no transfer fee for pets travelling as "accompanied" pets. Armed with all of the relevant info, from KAR Pet Travel, Dennis insisted that the agent give him a full refund for Hector's "supposed" ticket. Dennis's persistence paid off and the agent eventually agreed to refund the monies paid for Hector. Dennis was then able to pay for Hector at Turkish Airlines check in on departure (as had been advised by KAR),

The true cost for Hector and his travel box for his flight from the UK to TRNC was £400!!

How many more owners have been misled like this without even realising? Be safe - beware !

Please note - although pets can travel into TRNC (and some other Countries) as "accompanied pets" - they cannot travel to the UK as such. They must travel as "manifest cargo" which is totally different.

## Sevil Emirzade introduced her new book at the Girne Art Gallery

Author Sevil Emirzade introduced her new book "Good Luck Cyprus' Old Stories with Blue Shutters - Let the New ones be Written with Friendship" at an event held in Girne Art Gallery.

Mayor of Girne Nidai Güngördü and many art lovers attended the promotion held at Girne Municipality Art Gallery.

The mini-concert of Soprano Demetra Mustafaoğlu was watched with interest by the art lovers before the chat, conversation and signing ceremony of the books in 4 languages that explore the history of Cyprus in periodic sections since 1821

Girne Mayor Nidai Güngördü gave the following in his speech at the presentation:

"Writing the events experienced is aimed at creating a very different event and memory. You are talking about the Turkish Cypriot community and the events that took place in Cyprus over a period of two hundred years. These subjects include culture, art, and economic relations, and you have synthesized all of them and

expressed them in a fluent style.

You've worked hard to make it real and attract people's attention by backing it up with pictures. There is a lot of hard work here. This work is for us to understand the events that took place in Cyprus for two centuries and to create a memory for future generations. I would like to thank Ms. Sevil Emirzade. I believe that she will leave very important documents, information, books and games to the next generations and I would like to thank everyone who supported her and her family, I would also like to thank everyone who participated in the name of art with my wishes to continue producing".

Sevil Emirzade, in the promotion of her book, said that it was a duty of loyalty to complete the book that her father left unfinished. Thanking the Mayor of Girne, Nidai Güngördü, and the municipality employees, who supported them from the first day and did not spare any help in the promotion of the book, Emirzade stated that these events, which encourage and motivate them, will always be enough to produce something.

A book launch in 3 languages:

English, German, Greek of the author Sevil Emirzade's book entitled "Good Luck Cyprus' Old Stories with Blue Shutters-Let the New ones be Written with Friendship" was held at Girne Municipality Art Gallery on November 9, 2021, between 15:00 and 16:30.

# Sevil Emirzade book launch at Girne Municipality Art Gallery

As a surprise guest and friend of Sevil, and as a strong supporter of Turkish Cypriot culture and art, the soprano Demetra George Mustafaoğlu gave us a mini-concert from high above.

At the bottom of the poster, you will find Sevil Emirzade's telephone number (0542 8841650) she usually is to be found at the Büyük Han in Nicosia at her shop if you want to buy her book, and perhaps talk to her about it.

You are drawn into life scenes of Cyprus history with Sevil Emirzade' book, with her theatre plays she has written, accompanied by original photos, dialogues that show the impact on private persons, families and bring to the surface the tragic moments, incredible course of events and decisions made by people in power. I read the book and the scenes touched me deeply. The book is available in four languages, Turkish, English, German and Greek. A must for everybody who lives on the island. To many, the facts are known but to have people from those times speak to you as a spectator is new and very touching.

## The TFR members visit Famagusta and Maras

We have received a review from Pamela Tschersich, Events Manager of The Foreign Residents in the TRNC (TFR) of their recent visit to Famagusta as under.

"Despite a fine drizzle set in as we headed to Famagusta but eventually stopped just making a guest appearance occasionally ....not enough to dampen our spirits too much.

The first call was to the City Mall where quite a few members disembarked for a stroll round the shops while the rest of the group headed on to see Maras.

Our driver returned to the Mall picking us up after 4 hours at 11.00am and took us to the Old Walled City where we again disembarked to stroll around at leisure, meeting back at the bus for 3.30pm along with the others that had rejoined the group from Maras.

Personally I felt it a little eerie to see the Old Walled City so strangely still with half the restaurants still shut, with some shops closed with dust & fine debris in the windows, giving the appearance that this city closed in a hurry. I was almost expecting tumbleweed to blow slowly down the street with Clint Eastwood looking at us from under his hat!!

Covid has certainly left its mark but hopefully with residents and tourists slowly visiting again, the TRNC will slowly get back on its feet, it certainly didn't deter our members who were all seen in various venues enjoying the local refreshments, along with laughter and their usual good humour, it's always good to share a day out with the friendly banter that our members always display on all our tours and trips. as our Chairman Horst always says, we are like family.

Pamela Tschersich, Events Manager"

Contact any admin if you will help please Emma Eminsoy, Elizabeth Stowell, Stephanie Harrison-Croft  
This is puppy 1. She will be vaccinated for her new family and will be ready to leave in 4 weeks time.

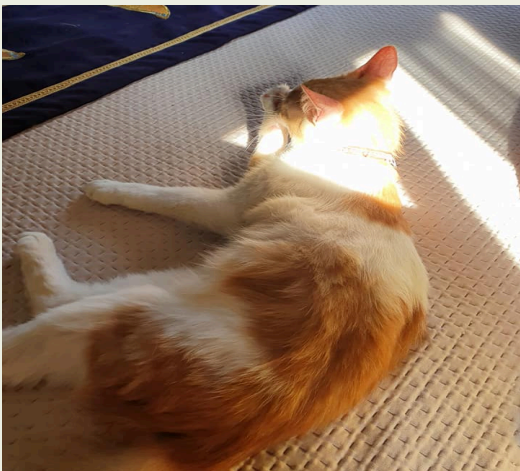

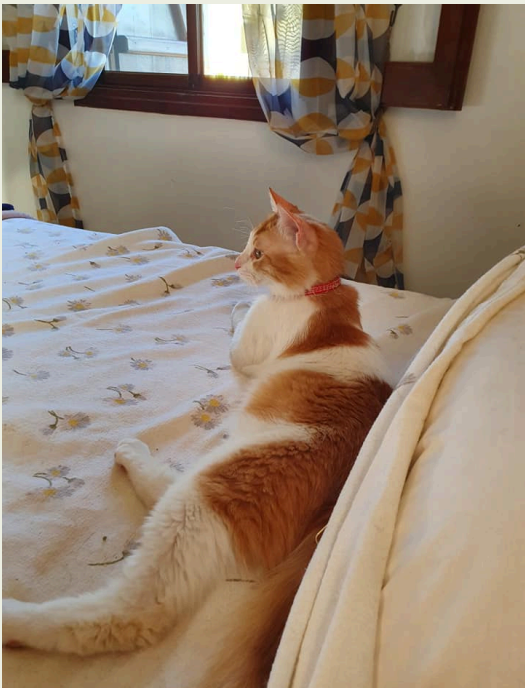

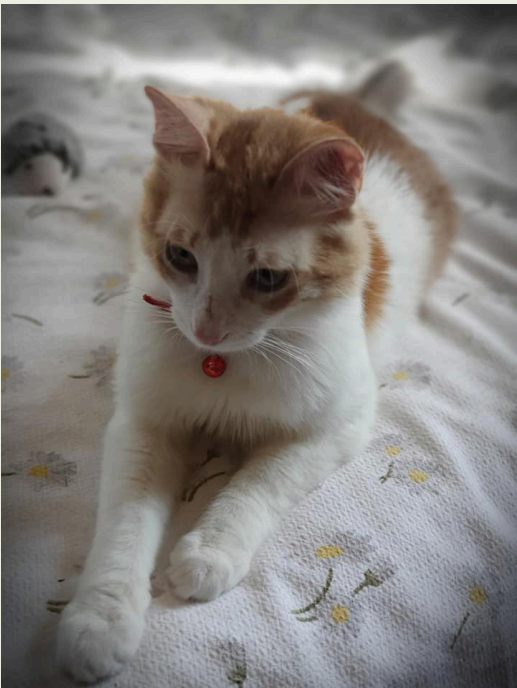

Post by Yeliz Osman Cin - 7th November

Hi everyone. I want to try one more time before the mum goes to a pet hotel.  
I really don't want her to be in a cage. She's great indoors and is toilet trained.  
We've started her vaccinations. Please share.  
Would anyone like to adopt or at least foster her. Even for short term so she has some more time.

Post by Catherine Hayes - 5th November

We have lost our cat **Charlie** outside Garfields vets about an hour and half ago. He escaped from his cat box. He has a fluffy tail. No collar.  
If anyone sees him please call 0548 825 5876.

#### HOMED

This beautiful 8/9 month old Rottweiler girl urgently needs a forever indoor home. She is very good with other animals and doesn't even react to cats. She is very friendly and loves lying with her head on your lap. She is house trained and always sits and waits for her food and only eats it when she gets the 'go on' command. She will also share with others. She has no issues whatsoever, and very well behaved I am told.

She is fully vaccinated and has even started her rabies vaccinations and will be spayed before being re-homed.

Please pm me directly with your interest and you will be contacted.

Any successful applicant will be home and suitability checked.

Thank you.

## Linda's Appeal and Susie's 1 month of Fundraising

**Readers mail.....**

**From Susie L Ford....**

A month ago, I decided to do a fund-raising event for Linda Lamb, who is awaiting surgery for a brain aneurism.

We sent out a couple of collectionhris boxes and would like to thank Serhat Akdemir at

The Village Bistro, Esentepe and to Ali Raza at Diiva Restaurant, Esentepe for holding them.

We had a sponsored shave at The Balti House, Esentepe where Martin Ford, Peter Dunne, Dave Lavender and Aliyah Lamb had bits shaved by Diane Ward.

At my weekly quiz at The Balti House, we collected on the football cards.

Then to finish off we held a Yard Sale at the Seabreeze Restaurant, Kucuk Erenkoy which was a great success.

It just shows me how generous people can be and how a community can pull together in

times of need.

I want to give special thanks to everybody who helped me make this possible and thank you to you all for donations whether it was by Yard Sale donations, foods or money.

I am pleased to say we raised a Grand Total of £150 Pound Sterling plus 5,485 TL.

Best of luck to Linda and we wish you a speedy recovery.

## Cyprus Regiment - Forgotten heroes of WW2

By Ismail Veli

There are many stories of heroes and unknown Martyrs who served the British Commonwealth in its hour of need.

Britain's need for fighting men at the outbreak of WW2 was desperately needed. Nazi Germany had overrun Europe, and its new concept of Blitzkrieg (Lightning war) and military might had brought it to the point of total European domination. Poland, Czechoslovakia, Belgium, all the Nordic countries and France were totally overrun. The Soviet Union signed a pact with Germany. Italy was part of the axis and Britain stood alone.

Defeat seemed inevitable and only the very few, if that, saw any chance of surmounting the power of Nazi Germany. It was against this background that Cypriots rallied to volunteer to the tune of 20,000. Amongst these was a family that lived in Larnaca but originated from the village of Lurucina. Hasan & Hussein Mehmet Ramadan (twins born in 1921) together with their brother Seyit Mehmet Ramadan joined in earnest. Their other brothers Kemal & Numan stayed in Cyprus as policemen.

Their father Mehmet Ramadan had already proudly served as a policeman all his adult life and was a Corporal in the Cypriot police force. As a result he had lived in many parts of the Island. The twins Hassan and Hussein were born in Limassol and Seyit was born in

Larnaca. The family were brought up in Larnaca and Mehmet Ramadan was proud that his sons were either policemen or soldiers in the British army. The adventurous and courageous nature of these men was nothing new to the family. They had come from a long line of military men that went back to the time they arrived in the village of Lurucina in the mid or late 1700's. Their grandfather and all their uncles had carried the name of Kavaz, bodyguards or guards which is used by many as the family surname through generations. Their blood was running high and staying behind was not an option. They volunteered early in the war. Though Seyit Mehmet Ramadan born in 1925 was still underage he lied to enlist and the British being desperate were asking no questions.

The Cyprus Regiment was soon formed and in 1941 Hassan M. Ramadan was shipped out to help defend the island of Crete against the tough and experienced German paratroopers. Unfortunately after some tough and brutal fighting the British army suffered a defeat. Hassan was captured together with other Cypriots. Many served out the war as prisoners but Hassan was having none of it. He soon escaped and joined the Greek partisans in Crete. Like other Luricinali's his knowledge of the Greek language gave him a great advantage in passing off as a local Greek civilian. He came close to being captured a second time when an alert German soldier stopped and questioned him. The German suspected him of being a British soldier but staying calm he dismissed such notions as ridiculous. He soon convinced the German soldiers that he would 'collaborate' with them by pointing out the real members of the

Resistance! Hence, he spun them a yarn, by saying that whoever he tapped on the shoulder would be one of the Fighters! Well, apparently, they let him go and proceeded to follow him.

He, obviously, didn't tap anyone on the shoulder and entered a house and escaped through the back and fled to the mountains, where he continued to fight with the Resistance, until the British Army managed to liberate the Island and he returned back to his Unit in the 8th Army (better known as the Desert Rats) in North Africa.

In the meantime his younger brother Seyit was doing his own stint.

The story of Seyit is most vividly described by his daughter Tina Kemran and the following are her words:.

'Corporal Seyit Mehmed Ramadan, witnessed many historical moments during WW2 ( i.e.: the bombing and destruction of Monte Cassino) and got into quite a few scraps, also. (whilst playing billiards in a café, one winter, in Senegalia and hearing a commotion outside he rushed to the rescue of a younger Greek Cypriot soldier, who was surrounded by an Italian mob and had been set upon, whilst others - including his fellow soldiers - stood by. Apparently, dad unleashed his belt and "dived-in" and let loose, left/right and centre and, in his own words, "liberated" him! He was so hyped-up that he picked up the bike of a bystander and threw it at them! But, they all had to leg-it, as the Military

Police were on the way!) As a 17 year old, one night, in March 1943 whilst on Guard Duty, he saved the life of his Platoon, whilst they slept. Apparently, he heard a noise in the distance and, of course, shouted out for them to halt and identify themselves. When no response came, after the third? time, he let out a shot. Obviously, everyone awoke and they went to investigate further, in the dark of the night, only to find a dead soldier.

When my dad had seen that he had a bullet wound to the forehead, he got very upset but his Platoon Commander told him that it was a very good thing that he had done, because he had saved all their lives. As, obviously, had he not done so, or was shot himself, the German soldiers would have proceeded to kill the rest of the platoon, whilst they all slept.

Death escaped dad ( Seyit ) on a number of occasions. The first was when they were on a ship, one night before landing, and they were being bombed. He told my sister that he was convinced, he would not see his 18th birthday! On another occasion, whilst in Haifa (Palestine), he was walking down the main street, when he was stopped by some Jewish Freedom Fighters (who were not averse to killing the odd British Soldier) and only escaped with his life, because he told them he wasn't English but Turkish

Cypriot! That convinced him to leave the Army and so, in June 1947 he was demobbed and returned to Cyprus. He was due to join the Cyprus Police Force and all his uniform was laid out for the next day, but dad didn't want to stay in Cyprus and so got on a ship and came to England! For my father, the event of his brother's death overshadows all that took place during the War, and is the most important link to that time.

As for recognition, there is a letter from Prince Charles to my father, which acknowledges my dad's contribution to WW2, but I haven't seen it since my dad died. He had loads, from The Queen, Prince Philip, Prime Ministers etc and I should have kept them, but - maybe - one day, I'll get to find them. Dad's family are/were pretty eccentric and eclectic? Their lives have been very eclectic and varied, indeed, and have spanned many countries, continents and cultures. Their sense of duty and honour seems to have seeped down through the generations, of which I am very proud to be a part".

In 1943 the allies invaded Italy and Seyit's unit was one of the first to enter Rome. The war was not over but the Allies were advancing on all fronts.

Seyit was also present when the body of Mussolini and his mistress were strung up by Communist Partisans by their heels at a petrol station at the Piazzale Loreto in Milan. Though they had been lynched while attempting to escape from the advancing allies his column was stopped before crossing into Switzerland. Taken into custody by the Partisans his fate was a foregone conclusion. After the Lynching they were taken to Piazzale Loreto in Milan which was the site of a fascist massacre of resistance fighters the year before. In the meantime Hussein met a beautiful Italian girl named Lina who captured his heart. The dashing young Hussein cut a fine figure as a handsome young man and both fell in love. They managed to get engaged and the photo in this article was given to Hussein by

Lina, but the happiness was short lived.

Tragedy was to engulf the family. It was 9th September 1944 at 5pm when Hussein was leading a convoy in the mountains of Italy. As it had been raining the roads were narrow,

slippery and treacherous without any warning an American convoy suddenly came head on from around the bend. His motor bike skidded forcing him off and caused terrible head and facial injuries which caused instant death. Seyit his brother was called to identify the body and at 19 years of age the sight of seeing his brother in such a state was to leave a lasting impression and sadness which he never forgot.

Due to the shock Seyit was confined in camp for a week. The official version was 'battle accident' and he was buried at the Ancona military cemetery where he still lies today. On his tombstone he is listed as 'Corporal Hussein Mehmet, CY/1217'. Another twist to this sad story was that Hussein sent his

photo to the family not long before his fatal accident.

Previously Hussein, had gone missing in the Sahara desert for a week and survived through many dangers only to be killed in an accident. Three brothers went to war only two came back. They showed great courage in fighting for King and Country. Whether evading capture, and serving the Commonwealth in Cyprus, Egypt, Crete, Italy or Palestine their sense of duty made them risk their lives when staying at home in Cyprus would have been the easy and safer option.

The total Cypriot contribution in WW2 as part of the Cyprus Regiment was 20,000 personnel. At the end of January 1944, the Regiment consisted of 10,008 recruits. 7,967 Greeks, 1,999 Turkish, 37 Armenian's 3 British, 1 Polish, and 1 Maltese. The casualties totalled 358 dead and 250

missing. They are buried in 56 cemeteries in 16 different countries.

Their decision was to fight against Nazism and help play their part for freedom and democracy. It is to these heroes that we owe the freedom we

have today, it is their sacrifice that have provided our children with the safety and comforts of a free democratic society that we take for granted, after all is said and done let's not forget the echo of their words.

**"When you go home tell them of us,  
and say for your tomorrow we gave our today"**

### Commonwealth Soldier

Commonwealth soldier please die for me,  
Your King and Country is in dire need,  
Of your body and soul to fight to be free,  
Of all persecution, oppression and greed.  
Enlist voluntarily, fight like a man  
Lay down your identity, by sacrificing your land.  
Never complain, never ask why?  
The Motherland needs you, at this moment in time....

Proud old soldier, what is your story?  
Standing there, in all your fine glory.  
What horrors have you witnessed,  
What atrocities have you seen - Did you take part in battles,  
Where you would rather not have been?  
You wear your medals with so much pride,  
But underneath your dapper jacket - You cannot disguise the hidden scars,  
Of what war really means.

For Freedom, we cry an endless ocean.  
For Freedom-We deny it, to those  
Who have, yet, to know it!

## BRS News: TRNC vaccinations not recognised by the UK

We are sharing for readers who are seeking the latest facts and information with the approval of the BRS, news recently provided by the British Residents' Society to their members.

Meeting at the British High Commission

Representatives of the BRS were invited to the British High Commission on Friday 5th November to meet with the Regional Consular Director covering South Europe, Fleur Wilson as well as BHC staff in order to discuss current concerns of British expats living in the TRNC.

Although very little in the way of an update, the group talked about problems arising at border crossings both North and South and travel in general.

Regarding the on-going effects of Brexit, the BHC Representatives confirmed that they had sent a letter

to the RoC Ministry of Interior with a number of questions in order to clarify what will happen post December 31st and are as yet to receive a reply. They have promised to notify us when they do.

During the meeting the Director was asked about the non-recognition by the UK Government of vaccinations administered in the North for travel purposes.

We were informed that currently there are no plans to add the TRNC to the list of accepted countries although that list is being updated regularly and we "MAY" be included in the future. It was asked if consideration could be given for the Sovereign Bases to administer the vaccinations for British expats as they do for their own staff and we were told that the BHC have already looked into this and confirmed that due to regulations and legislation, this was not an option.

**So to clarify, although Turkey has**

**been added to the list of accepted recorded vaccinations, the TRNC is being treated as a separate country and therefore any vaccinations/boosters administered in the North are not recognised by the UK for travel purposes. Quarantine rules apply.**

Editor's Note: BRS have an excellent members' Facebook page which gives information and allows members to ask questions however Facebook is excellent for sharing of information but it is no more than a stream of information and BRS found many questions were being asked time and time again so the BRS team developed BRITBOT on their website where members could

retrieve information published on many past subjects.

Readers wishing to learn more of the British Residents' Society or registration as a member which can be started online please visit their website as shown below

From Diane Loftus....

Hi Chris,

Well, Guy Fawkes/Bonfire night went without a bang due to obvious reasons here in the TRNC, with friends getting together in Tatlisu to celebrate the occasion with a Northern Twist on black peas with bacon, parkin and treacle toffee and a lovely spread of food from everyone.

This celebration was at our home as ever since being a child our

family have always celebrated Bonfire Night and still carry on celebrating here in TRNC with friends.

During the evening we had fun and silly games and karaoke too so thank you to everyone for making it a joyful evening.

I will send you some pictures for CyprusScene as it was our way of just celebrating Bonfire Night on the 5th November..

## Bottom of the League clash won by Bağcıl

**Result : GÖRNEÇ KSK 0 BOSTANCI BAĞCİL SK 1**

By Richard Beale .....

**Sunday November 7 : AKSA  
League 1: Görneç Üç Şehitler  
Stadium.**

This vital "6 pointer" bottom of the table clash was won by Bostancı Bağcıl with an early goal, thereafter Görneç's attacks floundered against a solid rock hard defence.

A beautiful warm sunny Sunday afternoon and once again my wife gave me permission to attend this match, don't know what's going on but she can't get me out of the door quick enough!. I made the 25 minute journey to Görneç using the mountain road out of Esentepe, sea on my left, mountains on my right, came across 2 cars and that was it. I was soon in the Görneç football stadium nestled in the Beşparmak mountains. I was quickly spotted by some locals. Richard they said, welcome, please join us for coffee which I gratefully accepted.

Suitably refreshed I started my preparations for this eagerly awaited contest between these two teams who are at the foot of the table with 1 point each.

A very disappointing crowd of around 20 were in attendance before the match started but this swelled to around 50 as the match progressed.

Görneç have had internal problems during the summer losing the majority of their players, there was even some doubt whether they could raise a team to fulfil their fixtures. They recruited a young Coach Hamdi Ögütücü and he has managed to sign a few players, albeit some are young and inexperienced. I wish them well as they are such a friendly club.

Bağcıl have also had a wretched start to the season, and changed their Coach, they are a big physical side, with some tall and powerful players. Striker Serkan Karaoğlu was one such player who tormented Görneç defence all afternoon. In defence they have a giant, a man mountain in Azad Tay he won everything in the air and was so commanding, aided by fellow "lamp posts" defenders Kemal and substitute Mehmet Cayan.

The only goal of the game was scored in the 6th minute following a throw in on the left, the ball was threaded into the middle where SERKAN KARAOĞLAN shot past Hasan Bilal the Görneç goalkeeper. **0-1**

Hasan was the busier of the two keepers as Bağcıl were the slightly better of the two sides, even though Görneç did hit the crossbar with a header in the 18th minute. **HALF TIME : 0-1**

Görneç best player this season has been their Turkish signing Abdurrahman Bengi, he started the match upfront, was totally ineffective and started the second half back in his normal midfield role but today even he was off colour like many of his teammates.

The Görneç keeper Hasan kept his side in the game making a couple of good saves as Bağcıl played 5 at the back and relied on the speed of Ertuğrul and the aggression of Serkan.

Görneç again hit the woodwork in the 67th minute when a right wing cross was met at the far post by Mehmet Özsoy but the wingers shot hit the near post and was scrambled away.

Bağcıl were content to surrender midfield and rely on their packed defence where Görneç attacks floundered upon a solid wall.

However in the 6th minute of injury time Ertunç put over a cross from the right where Mustafa Emir managed to get in a shot that brought a smart save from the Bağcıl keeper Cafer.

The final whistle blew with many of the Görneç players sunk to their knees, a very demoralising defeat for

them, Coach Hamdi has his work cut out as they face 3rd place and in form Karşıyaka away next weekend.

For Bağcıl, the victors, the spoils a morale boosting win it would have been a happy coach on the long journey back to Güzelyurt.

**FULL TIME SCORE : 0-1.**

**MAN OF THE MATCH - AZAD TAY** (Bostancı) big strong and powerful performance from the giant in defence.

## Düzkaya win the Derby in Çatalköy

**Result : DÜZKAYA KOSK 2 ESENTEPE KKSK 1**

By Richard Beale .....

**Saturday November 6, 2021: AKSA  
League 1: Nihat Bağcier Stadium.**

Düzkaya were the victors in this "local derby" at Çatalköy, gaining them 3 vital points, and were deserving winners over a disappointing Esentepe side.

Two goals from Düzkaya talented striker YAĞIŞ GENÇAY was a repeat performance when the teams last met in season 2015-16, where again he scored both of Düzkaya's goals in their 2-1 win. This was a winning start for new Düzkaya Coach Hasan Topaloğlu who took over the reins this week.

For Esentepe it was a frustrating afternoon for their Coach Kılıç Ali, their many supporters who came the short distance to Catalköy and frustrating for the team as well. Esentepe were without 2 goal hero Deniz Kıbar injured after last week's win over Görneç, with experienced midfielders Ilyas and Hüseyin Ermiş still recovering from injuries and top goal scorer Şükrü suspended once again, Esentepe fielded a very young team. The young players, as always, show plenty of effort but at times their inexperience shows and they are inconsistent. This is not to blame the youngsters for this defeat, Düzkaya were the better team and deserved the 3 points. We are all frustrated at the moment as there are many good things about the team, we just haven't been able to field a settled team due to injuries and suspensions.

On a warm and very sunny day there was probably a crowd of 150, with many from Esentepe.

The opening exchanges were scrappy,

Düzkaya came close to scoring first when Yağış set up Önder but he sliced his shot wide of the goal.

Düzkaya took the lead in the 22nd minute when Esentepe were caught on the break. Esentepe were awarded a free kick just outside the Düzkaya area, Emek's free kick was punched away by Ex Esentepe goalkeeper Ali Karal and further cleared upfield by the defence where Can and Yağış broke at speed with a 2 on 2 situation, Can judged his pass perfectly to YAĞIŞ GENÇAY to slot past the advancing Onur. **1-0**

Esentepe were very sluggish with their attacks breaking down with Hüseyin Deynekli fighting a lone battle upfront, often being very isolated.

Düzkaya second goal came from the penalty spot in the 45th minute after a push on a Düzkaya player by Nersin. Up stepped YAĞIŞ GENÇAY to send Onur the wrong way with his spot kick. **2-0**

Esentepe had their best chance of the match in injury time of the first half when good work by Ege Can on the left going across the Düzkaya area before spotting Hüseyin Deynekli who had time to take aim and send his shot just over Ali's crossbar. **HALF TIME : 2-0.**

Not for the first time this season Esentepe Coach Kılıç Ali may have given his team the "hair blower treatment", he replaced Tuğra and Kemal during the break with Eser and Semih.

Esentepe at last had someone in Eser who is a recognised striker and he was in action in the first minute of the second half shooting just over the bar

after some good work again by Ege Can on the left.

The changes had the desired effect with Esentepe enduring their best spell of the match and got their reward in the 52nd minute when Düzkaya defender Mehmet Kuşcu made a high challenge on Hüseyin Deynekli catching the young Esentepe forward in the face inside the box. EMEK KIRILMAZ put away the penalty to bring Esentepe back into the match. **2-1**

Eser headed just wide of goal in another Esentepe attack as they pressed for the equaliser.

The match had become very basic with both teams by-passing the midfield with the long ball being the favoured option.

Düzkaya should have put the game to bed in the 67th minute when a quick breakaway saw Cemal Deliktaş

outstrip Şenol and he looked certain to score with only Onur to beat in goal, but the big Esentepe goalkeeper managed to block the Düzkaya's forward's shot.

Esentepe finished strongly pushing players upfield, in the last minute of 6 minutes of injury time Hüseyin Deynekli cracked in a shot on the right that looked a goal all the way before the flying Ali dived to clutch the ball out of the air with a magnificent save. **FULL TIME SCORE: 2-1.**

**SUMMING UP:** A frustrating afternoon as shown by Esentepe Coach Kılıç Ali who resembled a mechanical windmill on the touchline for most of the match! Cannot fault the team for their effort they just look disjointed and unbalanced with all the injuries and suspensions at the moment. I feel confident when we can field a settled team things will get back on track.
