TRNC President Ersin Tatar
"We want agreement formed on two separate Sovereign States"
Girne Mayor Nidai Güngördü announced that the second set of English courses for adults, a scheme that began in the summer, will also run during the winter months. He said that the courses are an opportunity for everyone. Pointing out the importance of learning a language, Güngördü wished the trainees success during the course they will select, emphasising that it is important for everyone to know English in the tourism city of Girne.

The courses, run jointly by the Municipality of Girne and Final International University, offer certified general English courses with a 10-week and 60-hour program organised within the framework of the programs prepared by the Girne Municipality Social Life Center.

In the statement made by the Municipality of Girne, applications will be accepted until Monday, 25th October 2021. Following the placement test, to be held at Final University on 27th October 2021, the trainees will start classes at the beginning of November.

For information and registration a telephone "hotline" (0392) 815 15 08 can be used.

Kyreniacommentator ..... From: I Jefferson ..... 

Dear Sir,

The UK government refuses to accept Covid vaccinations performed and certificated in the TRNC although I am unaware of any specific reason given for this. I have travelled in Europe with my TRNC certificate which has been accepted everywhere without question.

If the refusal is on the grounds of non-recognition (which does not bother EU member states) then it is likely that this refusal is unlawful discrimination against TRNC nationals and residents. It has long been established, in English courts, that legal decisions made and acts done in the TRNC will be regarded as valid unless their nature would import a recognition of the lawful existence of the TRNC. This includes recognition of matters that involve the ordinary day to day lives of people, such as marriages, divorces, dog licences, leases, jobs and so on.

Receiving a vaccination (of a medicine made in the UK specially for the purpose and delivered to the TRNC by the EU) is part of everyday life, does not involve a discussion on the lawfulness of the paper on which the certificate is written any more than with a dog licence or a marriage licence. The medic administering the vaccination is not some high official, maybe not even employed by the “State”, and is not performing an act which requires recognition of the TRNC.

The English Courts endeavour to do justice to their litigants by recognising “day to day” TRNC legal decisions and administrative acts. By refusing to accept TRNC Covid certificates on the basis of non-recognition the UK government is delivering injustice and wrongful discrimination against UK and Cypriot nationals.

If pressure groups fail to persuade the UK government then the only remaining recourse would be legal action, perhaps, ultimately, even at the ECHR.

I Jefferson

---

**Covid and unlawful discrimination of TRNC by UK government?**

**UK Government refuses to recognise any Covid Vaccinations given in the TRNC**

**Greek Cypriot, Greece and Egypt statement violates TRNC rights**

**TRNC Ministry of Foreign Affairs Statement**

The matters included in the joint statement made by the Greek Cypriot Administration (GCA), Greece and Egypt after the tripartite summit on October 19, 2021 do not reflect the political and legal realities on the Island.

There are two separate States on the island of Cyprus, one is the Turkish Republic of Northern Cyprus (TRNC) and the other is the Greek Cypriot Administration. The statements made and the decisions taken by these two States are binding only on themselves. The joint statement of the Greek Cypriot side with Greece and Egypt is null and void for the TRNC. We find it useful to underline once again that the addressee of the Greek Cypriot Administration and other parties is the TRNC in matters related to the Cyprus issue.

The aforementioned joint statement aims to distort the facts. First of all, the tension in the Eastern Mediterranean is the result of the unilateral activities of the Greek Cypriot side. It will also be remembered that the first provocative activity of the Greek Cypriot side was the unilateral maritime border delimitation agreement signed with Egypt.

We condemn Egypt’s support for the policy of the Greek Cypriot side, which violates the rights of the Turkish Cypriot people.

The Turkish Cypriot side made a comprehensive and constructive proposal on joint management of hydrocarbon resources in July 2019. This recommendation is still valid. A proposal to pave the way for cooperation in the region was made by the Motherland Turkey. The TRNC also supports this proposal, which envisages bringing the interested parties together at a conference.

However, we should not be expected to remain silent on the attempts of the Greek Cypriot Administration of Cyprus, Greece and other third parties to violate our rights. The TRNC will continue its determination to protect our legitimate rights and interests together with Motherland Turkey.

Turkish Petroleum Corporation (TPAO) will continue to carry out its activities on behalf of the Turkish Cypriot people in the licensed areas determined by our government. The unilateral activities of the Greek Cypriot side will be responded to with equivalent and simultaneous steps.

BRS News: Remembering Sir David Amess and Travel to the UK

We are sharing for readers who are seeking the latest facts and information with the approval of the BRS, news recently provided by the British Residents' Society to their members.

BRS Latest News

PREVIOUS ERSIN TATAR - MESSAGE OF CONDOLENCE

President Ersin Tatar issued the following message of condolence on the death of Conservative MP, Sir David Amess.

"I was shocked to hear about the tragic death of Sir David Amess, Conservative Party MP from Essex.

Sir David was a long-time friend of the Turkish Republic of Northern Cyprus (TRNC) and he will always be remembered for his principled stand for fairness and justice towards the Turkish Cypriot people.

On behalf of myself, my family, and the people of the TRNC, I wish to express my profound condolences and sympathies to his family, his constituencies, and his loved ones.

May he rest in peace."

TRAVELLING TO THE UK

Despite rumours that are circulating, unless you have been fully vaccinated in the UK, EU or US you will require the following, whether you are travelling from ERCAN or LARNACA/PAPHOS

* A negative PCR test taken 72 hours prior to your flight
* To have pre-booked a Day-2 and Day-8 PCR test (Day-5 test to release is available)
* To have completed a UK Locator form no more than 48 hours prior to your flight.
* To complete a MANDATORY 10-day self isolation at the address given on the Locator Form.
* If you complete a Day-5 test to release test you will still need to complete the Day-8 test.
* To comply with the instructions given by the 'Track and Trace' team should you have been in contact with someone on your journey who has subsequently tested positive for Covid.

BritBOT
Statement by the TRNC Ministry of Foreign Affairs

The fenced-off area of Maras and developments in the Eastern Mediterranean were discussed at the EU Foreign Affairs Council, held in Luxembourg on 18 October 2021, with the participation of Foreign Affairs Ministers of the EU member states.

Despite the fact that there exist so many other urgent matters which could have been on the agenda of the Council, the EU has opted to include the issues of the fenced-off area of Maras and the Eastern Mediterranean within the agenda items with the sole aim of pleasing the Greek Cypriot side. The biased attitude of the EU under the guise of “membership solidarity” serves no purpose but to deepen the Turkish Cypriot people’s mistrust towards the EU.

The constructive proposals of the Turkish Cypriot side remain to be on the table. In this context, our decision regarding the fenced-off area of Maras/Varosha, which respects the private property rights, as well as our proposal dated 13 July 2019, which aims to establish cooperation in the Eastern Mediterranean, are unfortunately disregarded by the EU.

It is clear that the relevant UN Security Council Resolutions have not yielded any positive result. Bearing this fact in mind, the Turkish Cypriot side has put forward a fresh perspective for cooperation based on the sovereign equality of the sides. It is crucial to remind once again that this proposal is the only realistic way for an agreement, as it reflects the facts on the Island of Cyprus.

Source: TRNC Public Information Office

Greek Cypriots are escalating Eastern Mediterranean tension

TRNC Ministry of Foreign Affairs Statement

As it is known, the Greek Cypriot Administration of Southern Cyprus (GCA) has been escalating the tension in the Eastern Mediterranean for a while with the hydrocarbon-related research it has carried out with the Maltese-flagged and Italian-owned ship NAUTICAL GEO. As a matter of fact, with a new NAVTEX published today (20th October), the Greek Cypriot Administration announced that the ship in question will start a new search on the south of the island, this time in an area that includes TRNC licenses, on October 21-23.

The Turkish Cypriot people, one of the two co-owners of the Island of Cyprus, also jointly own the hydrocarbon resources in the seas around the Island. This is a natural reflection of the sovereign equality and equal status gained by the Turkish Cypriot people in 1960. For this reason, we strongly condemn this research, which the Greek Cypriot side announced that it would do without the approval of the Turkish Republic of Northern Cyprus.

While this is the case, we will not be a spectator to the usurpation and violation of the rights of the Turkish Cypriot people by the Greek side through unilateral actions and fait accomplis. In the face of these unilateral activities of the Greek Cypriot side, in order to protect our rights, Turkish Petroleum Corporation (TPAO) will continue to work on behalf of the Turkish Cypriot people in the license areas given by our State in 2011.

The primary preference of the Turkish Republic of Northern Cyprus has always been to deal with this issue with the option of cooperation and reconciliation. Our proposal on the island and its surrounding natural resources dated 13 July 2019 and Turkey’s call for the Eastern Mediterranean conference, which aims to bring together all relevant parties, including us, are important opportunities that will allow the issue to be resolved within the framework of diplomacy.

On this occasion, we would like to remind once again of our calls to the Greek Cypriot Administration, which has escalated the tension in the Eastern Mediterranean and destabilised the region.

Source (Turkish): TRNC Ministry of Foreign Affairs
TRNC President Ersin Tatar gave a speech at a conference entitled "The Struggle for Existence of Turkish Cypriots from past to present" at Ankara Social Sciences University.

Stating that there have been 80,000 martyrs in Cyprus since 1571, Turkish Cypriots struggled for many years and the Turkish existence has been preserved, Tatar noted that the United Kingdom seized the island of Cyprus from the Turks without firing a bullet, and did not return it when leaving, but established a partnership republic.

Stating that the UK does not treat the Turkish Cypriot people equally even today and that it prevents the freedom of travel of the Turkish Cypriot people, even on an important issue for humanity such as vaccination, Tatar said that they have made the necessary negotiations on this issue and demanded recognition of the vaccines recognised by the EU.

Emphasising that Turkey's presence on the island and the right of guarantorship and the presence of the Turkish army are indispensable for the Turkish Cypriot people, Tatar stated that the Turkish Cypriot people and Turkey will not be deceived and that they will continue to be a power in the blue motherland airspace in the region.

Tatar said, “The truth in Cyprus is that the two separate sovereign states are equal states” and emphasised that they will continue to work for the further development of relations with Turkey.

Expressing that the Turkish Cypriot people accept the existence and the state of the Greek Cypriots, yet the Greek Cypriots accept neither the Turkish Cypriot people nor their state, Tatar noted that a fair and sustainable agreement to be made in Cyprus by taking lessons from the past can continue with the cooperation of the two states living side by side.

President Ersin Tatar stated that the Greek Cypriots want the continuation of the Republic of Cyprus, adding that they will not come to a solution by force, because there may be a conflict again in case of force, they do not want this, they want to look to the future with confidence and peace.

---

**Bilgiç: “We respond to threats in the field and negotiation table”**

Ambassador, Tanju Bilgiç held a press briefing and answered journalists questions regarding the foreign policy agenda.

Bilgiç also evaluated the news that the Greek Cypriot Administration and Greece are preparing to conduct research activities in the jurisdictions of the TRNC with a new NAVTEX and said “Both Greece and the Greek Cypriot Administration are taking steps which will increase the tension in the Eastern Mediterranean. Efforts to send research vessels to our continental shelf in the Mediterranean continue. We respond to these provocations both in the field and at the negotiation table. We will never allow the violation of our rights.”

Recalling that the Greek Cypriot side announced that they will start new drilling in November, Bilgiç continued that if this happens, they will respond to this.

Bilgiç said, “On the other hand, if the Eastern Mediterranean Conference, proposed by our President, can be held for a more equitable sharing of hydrocarbon reserves in the Eastern Mediterranean, cooperation between the countries of the region can be found and resources can be shared fairly.”
Looking back at the "Kennedy Curse"

By Ahmet Abdulaziz ...

It was 22nd of November 1963, when US President John F. Kennedy was assassinated in Dallas. It was the most sensational news of that time. The whole world felt the impact of this but the most affected was his family, wife, and children.

Outwardly its impact appeared to affect his family, but it had given reason to many people, Americans in particular, to accept the "Kennedy curse". The reason behind this is that it was just not an unnatural death of a member of the Kennedy family. Prior to the assassination of John Kennedy, in 1963, the Kennedy family had also witnessed some other unnatural family deaths and incidents.

Wikipedia explains the "Kennedy curse" as a "series of premature deaths, accidents, assassinations, and other calamities involving members of the American Kennedy family. The alleged curse has primarily struck the children and descendents of businessman Joseph P. Kennedy Sr., but it has also affected family friends, associates and other relatives. Political assassinations and plane crashes have been the most common manifestations of the curse".

But what further made people believe in the "Kennedy curse", is the fact that the unnatural deaths in the family did not stop on 22nd November, 1963. The series of unnatural deaths continued and still continues in the Kennedy family.

The younger brother of John, Robert F. Kennedy, was shot and killed on 5th June 1968, in Los Angeles, after he won the Democratic Presidential Primary in California.

Apart from these two incidents of the most celebrated members of the Kennedy family, there are many more but less reported deaths and losses in the family, which made people really believe it as a "cursed" family. Hereunder I am listing down just a few important ones.

Before that, Joseph P. Kennedy Jr. had died on 12th August 1944, when his BQ-8 aircraft that he was piloting exploded in the air.

* Kathleen Kick Kennedy died in a plane crash in France on 13th May 1948.
* Ted Kennedy, Senator and younger brother of John and Robert Kennedy, survived a plane crash on 19th June, 1964. He again survived a car accident, when he had driven off a bridge. The accident had led to the death of a 28 year old passenger. Severely injured in both, he survived both.

It was during the above two incidents that people had started thinking if there really was a curse haunting the family. After the air crash of Ted Kennedy, his brother Robert was quoted as saying "somebody up there doesn't like us". Subsequently, after the car accident, Ted Kennedy was quoted saying that on the night of the accident he had wondered "whether some awful curse did actually hang over all the Kennedys".

But that was not all. The curse also appeared to be looming over the family later on.

And the list goes on and on. Though more than 80 years have passed, the curse is continuing. Nobody knows how much longer it may continue.

Source: Wikipedia "Kennedy curse"
You may recall the video earlier this week of the happy re-union of brothers Archie and Hector (was Daz and Dez). Well it comes to light that Archie has a trick he has perfected. Here is the update from Robin.

"He has a habit now that whenever anyone leaves their chair he jumps up on it… and it resulted in him unexpectedly appearing in one of my company’s recent Zoom meetings!" Well done Archie, I wonder if anyone realised?

A big Thank You to Corinne who raised the fantastic sum of 850tl for KAR at yesterday's Woofstock.

Thanks also to those kind people who donated on the day towards Button's care and to Pawfect Paws who donated this comfy bed for him.

We're sure he'll have many sweet dreams on his lovely new bed!

WE NEED YOUR HELP URGENTLY

Our Rescue Centre is looking for part-time workers to regularly cover the hours of Monday to Friday 8am to 4pm. Duties will include but are not limited to cleaning the dogs and cats living areas and generally taking care of the animals. Transport is available from Girne (Kyrenia).

We are also looking for regular volunteers to act as "Meeters and Greeters" to help show our visitors around. These hours are 9am to 1pm.

If you would like to join Team KAR at our rescue centre please contact Elaine (Centre Manager) on 0533 863 1950 or the office by e-mail on kartmc@gmail.com You don't need to have done this sort of work before as full training will be given. You just need to love our cats and dogs and want to give them the best you can.
THANK YOU FROM BUTTONS

Latest update from the Rescue Centre is that Buttons is on lots of medication and until this starts to get into his system we really don't know how long his recovery is going to take. Elaine tells me that he is a bit brighter and does wag his tail now and then and is eating well. At this early stage that is all we can really hope for.

We would like to take this opportunity to thank absolutely everyone who has donated so far towards the costs of Buttons' vet bills and recovery. Without our wonderful friends and supporters we wouldn't be able to do what we do! But, there is always a but, there is still time if you would like to donate towards the costs of his recovery. Here are our UK and TRNC Bank details and please put Buttons in the reference field, or you can bring your donation into our office which is open Monday to Friday 9am to 1pm.

UK Bank Details:
- HSBC Sort Code: 40-21-02
- Account Number: 11364812
- IBAN Number: GB94HBUK40210211364812
- BIC Number: HBUKGB4131B

TRNC BANK DETAILS
- CREDITWEST – Alsancak – KYRENIA
- Account Name: KYRENIA ANIMAL RESCUE
  - £ a/c – 100025234
  - TL a/c – 100039094

As you can see from this short clip the new bed very kindly donated by PAWFECT PAWS has definitely got the thumbs up from Buttons.

Thank you everyone.

BLACK BEAUTY WYLIE HAS BEEN RE-HOMED

10 or so days ago we told you about Wylie who was one of a litter of 6 who came into the rescue centre 2 years ago along with their Mum. Well, after his star performance on facebook we are so happy to announce that Wylie went to his happy furever after home last Thursday. Deborah just knew he was the one! The photos show the happy event with a guest appearance from Daphne. So pleased for you Wylie. Here's to making some happy memories with your new family.

POSTING ON BEHALF OF A THIRD PARTY

Cody is still missing. Please keep an eye out for this little one and contact the number on the poster with any sightings. Thank you.
Girne Municipality is a member of UCLG-MEWA

UCLG United Cities and Local Governments Organisation was established in 1913 in Ghent, Belgium, with the aim of making the international cooperation between municipalities more permanent, sustainable and institutional by a group of mayors and local administrators. Today, it has become an important platform where hundreds of municipalities from 9 geographically separated regional organisations come together. The 9 Geographic Organisation is as follows:

Regional Authorities
Metropolises
North America
Latin America
Middle East and West Asia (Girne Municipality is a Member)

Europe
Eurasia
Asia-Pacific
Africa

UCLG-MEWA (meeting at Girne Merit Park Hotel 21st/22nd October)

As United Cities and Local Governments Middle East and West Asia Regional Organisation (UCLG-MEWA), our aim is to ensure the establishment of multiple partnerships, to protect the values, purposes and interests of local governments, and to be the voice of local governments across national borders and their advocate in the international arena.

Girne Municipality is a member of the Middle East and West Asia Organisation (UCLG-MEWA), which is one of the 9 geographical regions of UCLG, and carries out the 2019-2022 term presidency of the Culture and Tourism Committee, which is one of the 6 working committees within this organisation. The 6 working committees are as follows;

- Smart Cities and Urban Mobility Environment
- Urban Diplomacy and Local Governance
- Culture and Tourism
- Social Inclusion
- Social gender equality

Girne Artists at the International Painting Workshop in Izmir

The bilateral good relations that Girne Municipality has maintained with its "sister" city, İzmir Karşıyaka Municipality, continue to develop in many areas. Özlem Ekinci and Şenol Özdevrim took part in the international painting workshop held in Bostancı Fine Arts Park on October 18-22, 2021, organised and hosted by İzmir Karşıyaka Municipality. The art event was held in an open space with the participation of many artists from Turkey and abroad. It was open to the public.

Girne Mayor Nidai Güngördü stated that they participated in the workshop with the works of Şenol Özdevrim and Özlem Ekinci, two very important artists, who are known for the value they add to the city. Güngördü pointed out that such events are important for our city and our country, and wished success to the artists who participated in the workshop.

Who is Şenol Özdevrim?

He was born in Limassol Cyprus. He is a graduate of Azerbaijan Painters Academy. He is a faculty member at the Faculty of Fine Arts at the American University of Cyprus. He is a member of the scientific board of the international art magazine. He is the artistic director of the International Vounous Terracotta Symposium and has curated many international exhibitions. The artist represented his country in eight solo exhibitions and twenty-four international symposiums and art workshops. Some of the artist's works were printed as postage stamps. He has many works in museums, public institutions and private collections.

Who is Özlem Ekinci?

She was born in 1992 in Mardin. She completed her primary, secondary and high school education in Mardin. During her high school years, her painting was selected and exhibited in an inter-high school painting exhibition. She took private lessons in painting. In 2012, she won a place at the Girne American University, Turkish Language Teaching Department. Between 2014 and 2019, she took workshop lessons in the field of painting and ceramics from the Cypriot Artist and Academician Şenol Özdevrim, and took calligraphy classes during her university years. She started to work as a Turkish Teacher at Girne American College in 2017.

In 2017, she started her Master's degree with a thesis in the field of Educational Administration and Supervision at Girne American University. In 2020, she completed her education as a High Honour Student. Özlem Ekinci’s works have been exhibited in many exhibitions and symposiums in Turkey and abroad.

Source (Turkish): Girne Municipality
Traditions should not die, and to read your destiny and future is a very old tradition and – as I learnt – it goes back to the 17th century.

Our Association for Cyprus Paper Artists invited their members to join a workshop to create an image for this tradition, a monument.

On two successive Saturdays in October, the members got together in the garden of our local art association EMAA (European Mediterranean Art Association) in Nicosia around big working tables which had been prepared by our leading team Esra Kececi and Kemal B. Caymaz, electricity was laid out, water provided, and the main factor… coffee was cooked by the liters.

The participants had brought all utensils for the process, which was a roll of toilet paper, white glue, corn starch, containers and tools and thus we started to prepare the pulp, a brilliant white paper pulp to form the plates which were to be the basic for our coffee stories.

The process of making the pulp is time consuming and reminds us of kneading a yeast dough for a good village bread. The pulp must be in the end, soft but not sticky, manageable. We divided the dough into fist-size portions and wrapped them in plastic film in order not to get dry. We then created the plates, rolled out the dough nicely and laid it inside or outside the porcelain plates we had brought with us, having covered them with some baby oil to facilitate the removal later; they would take a day or two to dry when they were supposed to be taken off. Some of our members had ideas of their own and created plates freehand.

That was Day No. 1.

The second workshop day, we first of all admired the creations, the artists had done at home during the week and, full of our own ideas, we started decorating our plates. However, first of all, we made coffee, had our portions and drank it nearly to the ground. Now the process started by adding Arabic Gum and we mixed it properly, then pouring it slowly onto our paper plates letting the liquid find its way….or, others used a brush to apply the coffee mixture in a controlled way with a brush. From there some more artistic touch was added, here gold, there an Ottoman poem and colours, small pulp petals and buds added…. there is no limit.

At the end of the Workshop Day No. 2 we could admire a very nice collection of ‘coffee monuments’. And I stood there and wondered if the artists had been able to read anything in the coffee ground and had embellished them to pacify destiny.

Hopefully, there will be an exhibition to show these small precious works.
ARUCAD Vice Dean at ECOEI Forum

Arkın Creative Arts and Design University (ARUCAD), Vice Rector for International and Social Relations Assist. Assoc. Dr. İbrahim Dalkılıç made a speech at the Senior University Representatives Forum held by the Economic Cooperation Organisation Training Institute (ECOEI) on Thursday, September 30.

Speaking at the online forum of ECOEI on 30th September Dr İbrahim Dalkılıç gave the experience of ARUCAD, a newly established art-oriented university, where more than half of its students come from abroad. Dr Dalkılıç said “As it is known, the position we are in, as a university located in the Turkish Republic of Northern Cyprus, brings with it certain economic and accessibility difficulties. However, despite this, the Universities of the TRNC have been doing important work in the last ten years in terms of opening up and institutionalising. I believe that we are also making efforts for the internationalisation of the higher education environment in the country.” Dalkılıç continued his speech by expressing that ARUCAD was ready to cooperate in different concepts in order to support the regional development goal of ECOEI in higher education.

The overall objective of the Organisation for Economic Cooperation (ECO), an intergovernmental regional organisation comprising countries from Europe, the Caucasus and Central Asia, the Middle East and South Asia, is the sustainable economic development of its member states and the region as a whole. The Senior University Representatives Forum (ECOEI), which is carried out as an ECO project, continues to work as a high-level education platform where opportunities and challenges for regional cooperation in higher education are discussed, and evaluations are made for the development and globalisation of the existing structures and conditions of participating universities.

Three Craft Workshops offered by Girne Municipality and Komek

Girne Municipality Social Life Center and Konya Metropolitan Municipality are jointly offering three workshops between November 2021 and January 2022. Registration continues for the Jewelry Design, Paper Relief and Filography Workshops. Training will be provided by Konya Metropolitan Municipality Vocational Training Courses (KOMEK) trainers.

The “Colour to Colour” Jewelry Design Workshop starts on Tuesday, October 26, 2021 at Girne Municipality Art Gallery. The “Forty Kat Art” Paper Relief Workshop on Wednesday, October 27, 2021 and the “Çak Bi Art” Filography Workshop on Thursday, October 28, 2021 all run between 14.00 and 19.00 hours.

Only a limited number of participants will be accepted, and 0 (392) 815 15 08 can be called to obtain information and to register.

Girne Mayor Nidai Güngördü recalled that he met Metropolitan Municipality Mayor Uğur İbrahim Altay at the K. T. Union of Municipalities Committee in Konya four months ago and that the cooperation between the two municipalities continues with this project. Güngördü stated that their aim is to bring people in the city and in our country together with different handicrafts training and techniques, and said, "We want to contribute and encourage our people to create with experience sharing and new artistic - cultural activities and handicrafts.” Güngördü noted that with the courses and workshops organised, opportunities will be provided in areas such as obtaining a profession, professional development and skill development.

Post by Yeliz Osman Cin - 21st October
Look who's finally home.
Frankie is finally in the UK with his mummy Tracy and her family.
He was found in Famagusta area with a collar stuck to his neck and has waited since April to finally reach his forever home.
I would like to thank Stephanie Harrison-Croft and Liz Stowell once again for everything they have done, all the support they gave, we couldn't have achieved anything without your guidance and support! Thank you ever so much.
Thank to Pet Travel North Cyprus - H4P and ALG Logistics for their hard work and continuous support especially to Hasan Aligullu for his patience and guidance.
Another happy story! Hope for many more to come.

Post by Liz Stowell - 21st October
This GIANT is Oakley!
He is fully travel prepped and ready to fly to his forever home, his blood work was completed in July so if he gets the funds he could be on the next available flight.
He was found with a broken jaw and leg. He has fully recovered and is spayed too. One of his back legs is still a bit weak but that is mainly because of his weight and nothing else could be done treatment wise. He seems like a giant but is very gentle.
He has never lived indoors before but I am sure he will adapt if love, attention and care is given. You can make a difference by donating today to Hope 4 Pets North Cyprus, with a massive team effort we can get Oakley his happy ending.

Post by Liz Stowell - 21st October
Chubby and Blink travel to UK
Chubby
Poor Chubby was in an RTA (road traffic accident) about a year ago, he had head trauma and also broken mandibula.
This horrific accident caused him sight loss in his eyes but otherwise he has fully recovered. He has been at the vets ever since.
Chubby is about 3 year old boy. Adores affection from humans and loves to cuddle up. He's such a friendly boy and you won't get enough of him!
We need to raise enough funds to get him to the UK, you can make a difference by donating today to Hope 4 Pets North Cyprus.

Blink
Blink was brought to the Vet Clinic in North Cyprus as a kitten and no one came back to collect him, he has been at the vets ever since.
He's now 2 years old and absolutely loves his cuddles. He's really friendly with humans and cats, he deserves to have a home being spoiled and pampered.
Blink is a special needs kitty and is fully blind.
Hope 4 Pets - News Update

Post by Gulsah Djemal Bender - 21st October
Hello to all my aunties and uncles!
Remember me? I’m Rosie and I was taken off the streets in a very critical condition and after several operations and lots of treatment I am now slowly recovering. I have come a long way. I’ve gained lots of weight and my hair is slowly growing back so I’m looking much more beautiful with every passing day. I’m approximately a year old and my aunties and uncles at Animates vet are taking such good care of me. The brand HUE have donated a lead and harness which I’m wearing in the pictures. All that’s left is a home. After I’ve fully recovered I’ll need a forever home. I will be neutered soon and although I was absolutely petrified at first, I’m now a very playful girl. Please can you adopt me and promise to love and care for me forever? Any donations would be appreciated.
Please donate directly to Animates quoting ’Rosie’
Thank you in advance.
Love Rosie.

Post by Martha Wailes - 19th October
A month ago Nico finally arrived to live with us in Yorkshire, having had an adventurous and circuitous journey since he was found on the streets of Nicosia in August 2019. He first lived in Tatlisu with - and was loved by - Margaret and Robert, Lily and Ginger. He spent lockdown there before moving to Germany last December where he lived with and again was loved by Tamara and Hans and little Jayne-Beth and Marbles and they brought him home to London a month ago. Without Stephanie Margaret and Tamara he would not be where he is now! We are so thrilled to have him home at last - we first saw his photo almost 2 years ago. He was so worth waiting for and he seems to be very happy in his forever home - it’s only been a month but it seems like he has been here forever! Thanks to Hope4Pets for all you do xx

Post by Liz Stowell - 22nd October
Please help us raise funds, the Easyfundraising way costs you nothing. We have 2 cats and 2 dogs needing your help to get to their forever homes, please help anyway you can.

Post by Liz Stowell - 21st October
Angel is 1-2 years old, she has had a terrible start in life, she was beaten by people, homeless and was involved in a road traffic accident. She remarkably still loves people and is a very affectionate and trusting dog. Angel has been given a second chance, and has been offered a loving home in the UK. Although her new family can contribute to her travel costs, they would struggle to meet the full cost, it is a huge amount of money for one person to find, we are asking our 10K members to dig deep and with a team effort perhaps we can help Angel get to the UK. Any amount will help, so please let’s all pull together and get Angel her happy ending. You can make a difference by donating today to Hope 4 Pets North Cyprus.
Kings and Queens of MAYHEM a knockout at Diiva Restaurant

**Readers mail….**
**From Susie L Ford….**

We had a fantastic packed house, on the 16th of October for the MAYHEM show at the Diiva Restaurant, Esentepe.

The Mayhem players had been practicing for months to put on this show and what a show it was with lots of laughter, dancing, and singing, and who were the Drag Kings and Queens you may ask?

The Drag Kings were, SUSIE Q as Su-Paul & Arthur Bolloc, Kate Bell as Spikey van Dikey, Kath Gardener as Mo.B.Dik and Linda Lamb as Master Luke Warm.

The Drag Queens were, Martin Ford as Candy Cummins, Peter Dunne as Chi Chi Swanks, Dave Lavender as Mistress Lavandra Cox and Andrew Cloughly as Peaches D-lite.

The Kings and Queens were absolutely superb, Thank you all of for your participation and dedication to making this a great show and fundraiser for Tulips charity.

A Huge Thank You also to:

Diane Ward, for all of your hard work in the backroom and also Aliyah and thank you to Clarisse for all that you have done as well. Our music techs Robin Lavender and Emma Rendrag, and for everything you do, which is always a great job.

All those who people who donated raffle prizes and to Sue Tilt and Louise and their hubbies for coming as our guests and also representing Tulips.

To Ali Raza and his team at Diiva for the great service and good food, and a massive thank you to Sharon White TIG, for stepping in and helping Diiva Restaurant.

Finally thank you all for coming along, we do hope you enjoyed our show and your donations for the Tulips charity which resulted in a great amount of **5,850TL** being raised.

Until next time,

Susie xxx

**Editor's Note :**

We also received the following note of thanks from Sue Tilt of Tulips - Help Those with Cancer Association:

It was certainly MAYHEM at the Diiva Restaurant in Esentepe!

MAYHEM performed their outrageous Kings & Queens show to a full house all in aid of Tulips.

The work that must have gone into putting this performance together must have been intense. The whole evening ran smoothly with the group and individual acts all outstanding.

Thank you to Susie L Ford, Martin, and the rest of MAYHEM, to all the wardrobe and technical supporters, to Diiva Restaurant (the hosts of the evening), and most importantly thank you to everyone who attended and supported this event so well.

An amazing **5,850TL** was raised and we cannot thank you enough for this!

Regards

Sue Tilt

Kohlrabi, what’s that someone asked on the 3rd ATA cookery course

After two weeks of lessons those on the Anglo Turkish Association of Northern Cyprus (ATA) cookery course thought they knew it all and could cook a Turkish Cypriot meal – how wrong they were, as week three taught them even more skills and village recipes! Pilavuna, Bezelye and three different types of Dolmades, plus the opportunity to prepare and eat Kohlrabi.

Association member Jan Marsh, said “Today’s lesson was a great experience of traditional Turkish village recipes from our tutor Jenny, preparing and eating new ingredients was wonderful. The meal we ate at the end of today’s lesson was some of the best food I’ve ever tasted and yet it was so simple to make using everyday store cupboard ingredients”.

The consensus around the dining table was unanimous in that this week’s lesson was to date the highlight of the ATA Cookery Course, with most attendees having seconds and some even taking food home with them. The savoury Pilavuna’s in particular went down a treat.

Regular tutor Unal said some of the dishes Jenny taught were new to him and that he looked forward to cooking them at home – perhaps with a twist of his own!

The friendly listening association with a heart supporting good causes in Northern Cyprus for the benefit of everyone
Shoot the birds with a camera and not a gun!

Readers mail…
From Richard Chamberlain….

Hello Chris,

We are lucky enough to have a garden with quite a lot of wildlife, especially birds. Perhaps it is because we put bird seed and a shallow dish of water down for them most days.

As we all know, our summers are very hot and dry, so the birds must struggle to find any water to drink so as well as bird seed, a shallow dish of water is very welcome for them away from where cats can get them.

Recently, we were lucky enough to see this lovely Song Thrush come down in our garden. I don't know whether they are rare in Northern Cyprus, but I think even in the UK the Song Thrush is fast disappearing like many other birds, so to see one here is very surprising and pleasing.

The sparrows seem to be the most common birds around. They are in our garden anyway. When we put the bird seed down, they seem to be waiting in the surrounding trees and bushes until I go away, then they swoop down and quickly devour all the seed and enjoy the fresh water we provide.

We watch from our kitchen window and it is very pleasing to see them enjoying the seed and water. It would be nice if the readers of this article would also put down water in a shallow dish away from where cats are! We need to take care of our wildlife as much as possible with the cruel practice of shooting birds and catching them in nets and sticky lime branches in some parts of Cyprus.

Best wishes
Richard

Mayor Güngördü meets Social Services Director Hüseyin Akcan

Social Services Department Director, Hüseyin Akcan, and Girne Over 18 Disabled Rehabilitation Center Manager, Leyla Yorgancıoğlu Usta, visited Girne Mayor Nidai Güngördü.

Akcan thanked the Mayor of Girne for his contributions to both the Girne Social Services Department branch affiliated to their Department and the Rehabilitation Center for the Over 18 Disabled. He stated that social services work in cooperation with local governments all over the world and that Girne Municipality always provides great support to society and institutions. Akcan also advised Mayor Güngördü that they had a shortage of personnel in the Social Services Department and described to him their works and projects.

Girne Mayor Nidai Güngördü welcomed Akcan and Leyla Yorgancıoğlu and said that they always give their best support to the two schools for the disabled in the region. Güngördü pointed out that the state should provide more help and should eliminate the grievances of the disabled and all disadvantaged citizens.

Güngördü invited Akcan to the UCLG-MEWA (United Cities and Local Governments Middle East and West Asia Regional Organisation) Accessible Tourism Workshop to be held on 21-22 October 2021, hosted by Girne Municipality.

ATA Wine and Cheese tasting at Cheese and Bake Delicatessen

Members and guests of the Anglo Turkish Association of Northern Cyprus (ATA) held a wine & cheese tasting event at Cheese and Bake Delicatessen in Çatalköy during which they learnt how to pair different wines with different cheeses, cured meats and fruits.

Association member, Adriana De Grout, commented that this was the first time she had ever attended an ATA activity and that she was impressed by the organisation of the event and what they had learnt, she said: “I was made to feel completely at home by the friendliness of the other ATA members, I shall definitely be attending future ATA activities”.

Guest, Norman Russell said, “a very informative presentation of fine Turkish and Turkish Cypriot wines with tasty cheeses and cured meats, all taking place with very welcoming and friendly ATA members”.

Chairman, Philip Lloyd thanked Ahmet Dural for hosting the event and said “I know the amount of hard work, time and effort Ahmet and all the staff at Cheese and Bake have put into ensuring today’s event would be a success. Their choices of wine, cheeses and meats were only matched by the skilful advice Tansel Şimşek gave us as to which went with which. I am sure everyone today has been deeply impressed by Tansel’s passion for quality food and wine”.

Girne Art Gallery book launch of The Thursday Artists

Heidi Trautmann and Işık Bookstore were with art lovers at the book launch that took place at the Girne Municipality Art Gallery on Tuesday, 19th October 2021 at 16.00.

Heidi Trautmann said; “Cypriots and painters of other nationalities, who spent most of their lives on this island, left their mark on Cypriot soil in a way. Shoes, the path they walk together. They were symbols of friendship, work and the way to be admired. Heidi Trautmann thought that those who have left this life in the course of time should not be forgotten. Engaging in art is an impulse as old as humanity itself, as well as the impulses to reproduce and hunt. It is a vital educational tool that fully develops the human five senses of sight, hearing, touch, taste, and smell,” she said.

During the book launch, a photo show was held in memory of our art group members such as Anne Hughes, Margaret H. Goulding-Bosworth, Marilyn Bosworth, Muriel Clutter, Monika Ottow, Michael Raine, Ruth Smith, who passed away in the last two years.

Güngördü: “The Importance of Artistic and Cultural Activities is increasing day by day”

Girne Mayor Nidai Güngördü stated that they always support artistic and cultural activities and stated that books have a great impact on carrying culture to the future.

Güngördü thanked Heidi Trautmann for her contributions to the country and the city in artistic and cultural terms and wished her continued success.

Susie’s Quiz results for 21st October at the Balti House, Esentepe

Readers mail ....
From Susie L Ford ..... Quiz master ....

It was another packed fun night with 7 teams at the Balti House, Esentepe on Thursday 21st October for Susie’s Quiz.

The rounds were: A Tabletop, Easy 5, Multiple Choice, The Danger Zone, Music, Brainiacs round, and the Impossible Question.

The results were:
1st Tyke That
2nd The Shebells
3rd Dunne and Dusted
4th Swedish 4 Play
5th Who Cares
6th 3 Amigos
The Famous Lemon went to The Losers

Thank you all for joining us and making it a fun night and we will be back next Thursday night at 8pm so please book your table as it gets very busy. Safe journey to those going back home from sunny North Cyprus.

Thank you to The Balti House for hosting us as always.

Until Next Week..... Keep Safe

SUSIE Q xxxx

First Karaoke night at Gemini Gemini, Tatlisu

Readers mail....
From Diane Loftus....

Hi Chris,

May I give you a quick update from Tatlisu, where Gemini Gemini held their 1st Karaoke Night with DJ Male and Cathy Lund doing a fantastic job.

It was a great night, with lots of Karaoke singers who turned up and showed off the sounds of their vocal chords and there was dancing and much socialising of friends too.

It was a fantastic night that was enjoyed by all and we would like to give a special thank you to Zarife and Scott at Gemini Gemini for hosting this Karaoke Night and we look forward to going to more.

Best wishes,
Diane.

Photos courtesy of Cathy Lund
Hygiene regulations were not complied with in Girne

Between 20 September - 18 October 2021, 142 businesses in total were inspected for food hygiene, general hygiene and Covid-19 Pandemic Measures, a cafe-restaurant business that did not comply with hygiene conditions, 1 barber and 2 bar businesses that employ personnel without a health certificate, and a business that did not have a Certificate, and the commercial activities of a total of 5 workplaces, including the barber business, were stopped and sealed.

Girne Municipality continues to inspect the Covid-19 pandemic measures as well as the routine hygiene controls of the food-related businesses operating in the city. In addition to the popular social places in Girne, where the population has increased with the opening of the schools, the hygiene controls of all commercial enterprises that are open for the public to eat, drink and enjoy are carried out intensively.

In the hygiene controls carried out in the past days, the activities of the Little Pub Bar and Junior Baragadi Bar businesses, which had insufficient conditions and employed personnel without a health certificate, and the CMR Çiğ Köfte Cafe Restaurant, which had insufficient kitchen hygiene, were stopped and sealed. In addition, the activities of La Femme Barber, which employs personnel without permission and without a health certificate, and Nazlı Kızı Beauty Salon, which did not have a certificate, were suspended and sealed. In the week following the sealing process, the activities of all workplaces that had corrected their technical deficiencies were allowed to re-open.

Within the scope of the controls where non-compliances were subject to penal actions, a total of 5 workplaces, as well as 47 workplaces, were notified due to their deficiencies, 5 businesses were warned to close if they did not correct their deficiencies, and two workplaces were fined 4400 TL for not fulfilling the Covid-19 Pandemic measures.

In the message published by the World Health Organisation on the occasion of World Food Day, which was celebrated all over the world in the past days, the slogan “Our actions are our future. Better production, better nutrition, a better environment and a better life” was shared. We, as Girne Municipality Health and Police Department teams, take scientific principles and legal regulations as the basis in order to meet the need of our society for better nutrition, better living and being in a healthy environment, as the most basic phenomenon in the hygiene controls of food-related workplaces. It is our most basic duty to control the production of food-related businesses in better conditions. Food should be nutritious and reliable, and should be produced with human health in mind. If a violation of these conditions is detected, any legal action is taken, including being banned from activity in accordance with the legal legislation. Again, it is very important for us in terms of protecting both public health and daily social life.

Legal criteria that must be observed in commercial activities related to food and directly affecting human health are of great importance. These criteria are designed to protect human health. These issues, which are one of the focal points of the value and service given to people in our understanding of Municipality, have found a wide place on the agenda of the whole world on the food day, which has been celebrated in the past days. While emphasising the importance given to the hygiene and sanitation of food at production and sales points for a better life, sustainable agri-food systems were also highlighted. As a small island country, we must work to value our local production and to create opportunities for agricultural production that can be grown in our own country. We, as Girne Municipality, have been contributing to local production for years, which should also be supported at the level of state policy.

With the open market we set up every Wednesday, we bring the producers together with the consumers directly, and we work to protect local values with the festivals we organise every year. In the 20th International Olive Festival, which we have recently been organising, taking into account the pandemic conditions, we shared the olive and olive oil products, which are among the most important values of our geography, with our artists, scientists and valuable people, with both artistic and socio-cultural dimensions and food-agriculture dimensions and we emphasised its value. On this occasion, emphasising once again, we remind you that the protection of the health of our people is among our primary duties and that it is necessary to ensure food safety for everyone without compromising the economic, social and environmental foundations in order to increase our local production and protect future generations.

A Right Old Battle at Esentepe!

**ESENTEPE KKS K 1  ÇANAKKALE TSK 1**

Sunday October 17:
AKSA League 1:
Esentepe Erdal Barut Stadium.

By Richard Beale ....

Esentepe and Çanakkale had to settle for a point apiece in a match that lacked finesse but made up for it with a right "ding dong" battle between two committed teams.

This was grass route football, a game you probably would see on a Sunday morning in the UK maybe on Hackney marshes in London. Two teams going at it "hammer and tong" no quarter given, no quarter asked. A match littered with fouls, ferocious tackling a red card and 8 yellow cards - luckily there was a strong referee in Mr Hakan Ünal who stood no nonsense from the players. Some of his decisions may have upset the home crowd and yes sometimes he made the wrong call but overall he had a good match and generally kept the players under control.

It's hard to decide who will be the more happier of the two teams with a point, Esentepe once again failing to finish the game with 11 men after Devran was sent off after 60 minutes, or Çanakkale picking up their first point of the season, in the end maybe a draw was a fair result.

Esentepe were missing players from suspension and injuries, surprisingly Esentepe Coach Kılıç Ali made 5 changes from the side that lost narrowly with 9 men at Dörtyol last weekend.

A sunny day with intermittent cloud and a stiff breeze behind Çanakkale in the first half with a crowd of around 125, including a number of expats saw the visitors having the better opening of the first half.

Çanakkale having lost all their opening fixtures played with a flat back 4, with their tenacious, terrier of a player Ahmet Hellac playing as a sweeper. It was Çanakkale who came close to scoring in the 16th minute following a lightning break involving Barun and Kaan with only a brilliant last ditch tackle by Esentepe's Şenol preventing an early goal.

Esentepe immediately counter attacked themselves after good work by Hüseyin Deynekli on the right, he squared the ball across the area where Ege got in a strong shot that was parried by the diving Umut.

Çanakkale who had settled the better team took the lead in the 21st minute following sloppy defensive work by Esentepe. Ökan Kibar was robbed of the ball by Yunus who swept a long cross to KAAN AYSEKİ unmarked to fire past Osmond. 0-1

The visitors went close again in the 29th minute when following a Ekrem Zabitler corner Hasan Çağakan sent a glancing header just wide.

Against the run of play Esentepe equalised in the 31st minute, Devran in space on the right found Hüseyin Deynekli who ran on into the box, before squaring the ball across to ESER KAN to sweep home. 1-1

An Emek corner met with an almighty scramble in the Çanakkale defence before it was cleared to the edge of the area to Hüseyin Ermiş to fire in a shot that went just wide of the right hand post.

A minute later Eser headed narrowly wide after good work on the right from Hüseyin Deynekli.

The match continued at a furious pace with some strong and robust tackles going in, some unfairly, keeping referee Hakan's arm busy issuing yellow cards.

He was left with no choice in the 61st minute but to show Esentepe right back 17 year old Devran Güneş a second yellow card after the defender had heavily tackled Rifat. The distraught youngster playing in only his second senior match was shown the red card and he trudged disconcertingly from the pitch.

Kılıç Ali immediately made 3 substitutions, a wise decision giving the team fresh legs and impetus to survive the final 30 minutes.

Strangely as many teams do playing with 10 gives the team the spark to ignite the fire and it was one of the replacements İlyas Niyazi who brought onto the field skill and vision that was missing before as he started to dictate in midfield.

continued on next page ....
continued .... Esentepe v Canakkale

Good work by Emre Mutlu in the 72nd minute gave Ilyas an opportunity to put in a first time volley that goalkeeper Umut dived to his right to save.

Emek corner, Emre got in a header that had Umut diving to his right to save.

FULL TIME SCORE 1-1.

SUMMING UP : Probably a draw was a fair result, though both Coaches would be disappointed at some aspects of their team's play. Canakkale perennial scrappers against relegation had for me the games best player in AHMET HELLAÇ only small in stature but big in heart, playing as sweeper he covered and tackled ferociously. A player who always gives 125% and is always the first to offer a handshake to opponents after the whistle has blown.

For Esentepe, Hüseyin Deynekli made some dangerous runs on the right, Okan Kibar apart from one mistake that cost Esentepe a goal came out on top against a strong opponent in Yunus. EMRE MUTLU again I thought was Esentepe best player, he has a great engine in him and was everywhere on the park.

5 out of 5 Wins for Esentepe Youngsters

ESENTEPE U20 3 ÇANAKKALE TSK U20 0

Sunday October 17: AKSA A2 League 1: Esentepe Erdal Barut Stadium.

By Richard Beale ....

Esentepe sit proudly on top of the AKSA A2 League after a hard fought win over Çanakkale youngsters.

Esentepe maintain their unbeaten start to the season, consolidating their top of the league position with a record of Played 5 Won 5, goals scored 14, goals against 0, yes 5 matches 450 minutes without conceding a goal.

This win was more satisfying as they were without a number of players due to first team call ups, injuries and Covid quarantining - even their Coach Gokhan Kim is at home self isolating.

Çanakkale before this match were themselves unbeaten lying in 3rd place, compared to Esentepe's team of mostly "little un's" they were physically stronger, taller - in Famağusta they must have 3 Shredded Wheat for their breakfast. I feared for Esentepe that physically they wouldn't be able compete but I needed not to have worried as the "little un's" with team spirit and confidence overcame the "big un's".

Esentepe took the lead in the 27th minute following a cross from the left by Dursun Ali which was prodded in at the far post by DINÇER KARAL. 1-0

Çanakkale Captain Özgur Demir was trying by example to get his team back into the game Sayipcan had a shot from outside the box tipped over by Esentepe goalkeeper Uluş.

HALF TIME SCORE : 1-0.

Çanakkale at the break brought on two more giants Kaya and Yildray, the match was very competitive with some strong challenges going in but it was played in good spirit by both teams. Esentepe lost midfielder Ismet through injury and then in the 60th minute there was a fearsome clash of heads between Esentepe Captain Halit and Çanakkale Salih. Both players received cuts to their heads with Halit coming off the worse after lengthy treatment he was eventually carried off on a stretcher and then on to Hospital.

He capped an outstanding display with a fine individual goal in the 86th minute, exchanging passes with Gökdeniz before embarking on a mazy run into the Çanakkale goal area, drew the goalkeeper out and finished with aplomb. 2-0

In injury time another fine individual goal was converted by substitute ŞAHIN ERDOĞAN cutting in from the right hand touchline and again finishing well. 3-0

An outstanding performance by Esentepe who overcame difficult opposition, Gökdeniz in midfield had a fine match as did at left back Mehmet Ada Arkan, small in stature he defended very well putting in some good tackles.

MAN OF THE MATCH - MUSTAFA SOYTÜRK - should be knocking on the door of the first team with this performance.
